All documents referred to in the Amendment Register are available on the National Grid STC website.

<b>CA022</b>		<b>Amendments to Section H resulting from CA013</b>			
<b>Proposer</b>	National Grid	<b>Submitted</b>	14/08/06	<b>Submitted Priority</b>	Normal
<b>Amendment Description</b>		<b>Current status and progress</b>			
<p>The Amendment Proposal proposes to add two additional sub-paragraphs to Section H (Dispute Resolution) of the STC that were inadvertently omitted during the development of CA013 (TEC Exchange Rate Request Process).</p> <p>CA013 added a new Part Three of Section D to the STC, including two paragraphs, 1.4 and 2.7 which described matters that would be potentially disputable in accordance with paragraph 4.1 of Section H. Section H is structured so that all such disputable matters are listed in paragraphs 4.3 and 4.4. The new paragraphs introduced by CA013 should have therefore been listed in paragraph 4.4 of Section H but this change was inadvertently omitted.</p> <p>CA022 proposes to correct this by adding two additional sub-paragraphs, 4.4.14 and 4.4.15, to Section H, which will refer to paragraphs 1.4 and 2.7 of Section D, Part Three, respectively. It will also make it clear that disputes in reference to TEC Exchange fall under the provisions of paragraph 4.4 and not 4.3.</p>		<p>CA022 (Amendments to Section H resulting from CA013) was proposed by National Grid and discussed at the August STC Committee meeting. The Committee decided that CA022 should proceed directly to the Assessment and Report Phase.</p> <p>The Committee reviewed and signed-off the Proposed Amendment Report at September's STC Committee meeting. Proposed Amendment Report circulated to the industry for consultation on 22<sup>nd</sup> September 2006. Consultation period closes on 6<sup>th</sup> October 2006.</p> <p>No consultation responses received. Final Amendment Report submitted to Authority on 12<sup>th</sup> October 2006.</p> <p>Authority approved CA022 on 13<sup>th</sup> November 2006. CA022 was implemented on 20<sup>th</sup> November 2006.</p>

### CA021

### Exchange of Investment Planning Data

<b>Proposer</b>	National Grid	<b>Submitted</b>	11/04/06	<b>Submitted Priority</b>	Normal
-----------------	---------------	------------------	----------	-------------------------------	--------

#### Amendment Description

This amendment proposes changes to paragraph 2.4.3 (and 2.4.2) of Schedule 3 of the STC to allow Parties to disclose specific data to Transmission Owners on an enduring basis for the purposes of transmission investment planning, specifically stability studies.

The current provisions of paragraph 2.4.3 of Schedule 3 will expire on 30 September 2006. However, in the view of the proposer, there is a continuing need for this data to be provided to enable all Parties to meet their Licence obligations. It is therefore proposed that this data exchange is made permanent, but that the relevant sections of Schedule 3 are made more specific about the data that can be disclosed.

#### Current status and progress

CA021 Exchange of Certain Investment Planning Data was proposed by National Grid and was discussed at the 18<sup>th</sup> April 2006 STC Committee meeting. The Committee decided to take forward CA021 to the Evaluation Phase, meeting was held on 8th May 2006 to discuss further. The Committee AGREED at the 17<sup>th</sup> May 2006 meeting that the Evaluation phase was complete for CA021 and a Proposed Amendment Report should be drafted.

The Committee reviewed and signed-off the Proposed Amendment Report for Industry Consultation. Sent out for Industry consultation on 27/06/2006. Close of consultation on 11th July 2006.

No consultation responses received. Final Amendment Report submitted to Authority on 14<sup>th</sup> July 2006.

Authority approved CA021 on 8<sup>th</sup> August 2006. CA021 was implemented on 15<sup>th</sup> August 2006.

CA020		GB Transmission System Performance Reporting			
Proposer	SPTL	Submitted	14/03/06	Submitted Priority	Normal
<b>Amendment Description</b>		<b>Current status and progress</b>			
<p>This Amendment Proposal seeks to establish a process in the STC for the development of a statement by which the GB Transmission System performance can be measured and for the production of the associated report. The production of the statement and the report are licence requirements on National Grid. It is a licence requirement on the TOs that they provide assistance to National Grid in the production of the report.</p> <p>The proposed amendment is based upon existing STC processes by which the Transmission Licensees co-operate to produce the Seven Year Statement.</p>		<p>CA020 GB Transmission Performance Reporting was proposed by SPTL and discussed at the March 2006 STC Committee meeting. The STC Committee decided for CA020 to go forward to the Evaluation phase.</p> <p>A teleconference took place on 11<sup>th</sup> April 2006 to discuss the legal text. At the 18<sup>th</sup> April 2006 STC Committee meeting the Committee AGREED for CA020 to move to Assessment and Report Phase.</p> <p>Consultation closed on 6<sup>th</sup> June 2006, no responses received. Final Amendment Report submitted to Ofgem for determination on 20/6/2006.</p> <p>Authority approved CA020 on 24<sup>th</sup> July 2006. CA020 was implemented on 31<sup>st</sup> July 2006.</p>
