

Interconnexion France-Angleterre (IFA) Outage – 1st and 2nd December 2009

An outage will be taken on the electricity interconnector between the UK and France on 1st and 2nd December 2009.

The Offered Capacities for Daily and Intraday Auctions will be adjusted accordingly and can be referenced via the public area of the IFA Capacity Management System website.

This outage is in addition to previously published planned maintenance outages.
