#### CA015

#### Altering the Notification Period for STC Committee Meetings

<b>Proposer</b>	National Grid	<b>Submitted</b>	17/08/05	<b>Submitted Priority</b>	Normal
-----------------	---------------	------------------	----------	-------------------------------	--------

#### Amendment Description

This proposal proposed that notice of the STC Committee Meeting and all paperwork (including the agenda) pertaining to the meeting be supplied to Committee Members at a common time. In line with other Industry Codes e.g. CUSC and BSC, it is proposed that this be set as five business days prior to the date of the Committee Meeting.

#### Current status and progress

CA015 was presented and discussed at the August Committee Meeting. National Grid indicated it wished to withdraw CA015 on 24/08/05. CA015 was formally withdrawn on 2<sup>nd</sup> Friday 2005, there was no support for the Amendment Proposal from any other STC Party.

#### CA014

#### Change of Company Name for National Grid Company plc (NGC) and consequential Amendments to the STC

<b>Proposer</b>	National Grid	<b>Submitted</b>	12/07/05	<b>Submitted Priority</b>	Normal
-----------------	---------------	------------------	----------	-------------------------------	--------

#### Amendment Description

At National Grid Transco's Annual General Meeting (held on 25<sup>th</sup> July), shareholders approved a motion to change the name of the group to that of National Grid plc, with effective from 27<sup>th</sup> July 2005.

Due to the potential similarity between the group name National Grid plc and the holder of the Transmission Licence, National Grid Company plc, at the same time the group name was changed, National Grid Company plc was renamed National Grid Electricity Transmission plc.

This proposal proposes that the definition of NGC currently used within the STC and all occurrences of it within the STC are therefore updated.

#### Current status and progress

CA014 was presented to the July Committee Meeting. The Committee decided that CA014 should proceed to industry consultation. The Proposed Amendment Report was issued on 9<sup>th</sup> August 2005 and comments requested by 16<sup>th</sup> August 2005. The Committee agreed the Amendment Report on 24<sup>th</sup> August 2005. The Amendment Report was submitted to Ofgem on 26<sup>th</sup> August 2005. Authority approved CA014 on 16<sup>th</sup> September, for implementation on 23<sup>rd</sup> September 2005.

<b>Proposer</b>	National Grid	<b>Submitted</b>	18/05/05	<b>Submitted Priority</b>	Normal

**Amendment Description**

This would occur when a TEC Exchange Rate Request is received from CUSC Parties, one or both of whom is sited in the licensed area or within the boundary of influence of a Transmission Owner.
