

ANNEX 1

STC AMENDMENT REGISTER – AS AT 1st June 2007

CA024

Clarification of Construction Planning Assumption Data Requirements

Proposer	National Grid	Submitted	13/02/07	Submitted Priority	Normal
-----------------	---------------	------------------	----------	---------------------------	--------

Amendment Description

Amend Section D, Part 2, Paragraph 3.1 such that the baseline for assessing NGET Construction Applications is the 'contracted background' as described in PC.5.4 of the Grid Code.

Amend Section D, Part 2, Paragraph 3.3 such that the latest submitted version of the 'contracted background' becomes the default data to be used when assessing a NGET Construction Application.

Current status and progress

CA024 (Clarification of Construction Planning Assumption Data Requirements) was proposed by National Grid and discussed at the February 2007 STC Committee meeting. The Committee decided that CA024 should proceed directly to the Assessment and Report Phase. **The STC Committee decided in the May 2007 STC Committee meeting that we would delay the approval and publication of the proposed Amendment Report to await the outcome of what is decided for CA023 as it also may be impacted by further review of CA023.**

CA023

Exchange of Best View Investment Planning Data Outside the Boundary of Influence

Proposer	National Grid	Submitted	13/02/07	Submitted Priority	Normal
-----------------	---------------	------------------	----------	---------------------------	--------

Amendment Description

This amendment proposes changes to Schedule 3 and Schedule 14 of the STC. The changes would allow National Grid to release the full GB Investment Planning models, including the Investment Planning Ranking Orders and Investment Planning network models, to the TOs for the purposes of investment planning.

Current status and progress

CA023 (Exchange of Best View Investment Planning Data Outside the Boundary of Influence) was proposed by National Grid and discussed at the February 2007 STC Committee meeting. The Committee decided that CA023 should proceed directly to the Assessment and Report Phase. **The STC Committee reviewed and signed-off the Proposed Amendment Report at April's STC Committee meeting. Proposed Amendment Report circulated to industry for consultation on 23rd May 2007. Consultation period closed on 17th May 2007. One consultation response was received from E.ON UK which raises some issues that need to be resolved before the Amendment Report can be approved. The Grid Code may need to be reviewed in addition to the STC for the proposed amendment. The STC Committee will discuss the impact of the response at the June STC Committee meeting.**

ANNEX 1
STC AMENDMENT REGISTER – AS AT 1st June 2007

CA022		Amendments to Section H resulting from CA013			
Proposer	National Grid	Submitted	14/08/06	Submitted Priority	Normal
Amendment Description		Current status and progress			
<p>The Amendment Proposal proposes to add two additional sub-paragraphs to Section H (Dispute Resolution) of the STC that were inadvertently omitted during the development of CA013 (TEC Exchange Rate Request Process).</p> <p>CA013 added a new Part Three of Section D to the STC, including two paragraphs, 1.4 and 2.7 which described matters that would be potentially disputable in accordance with paragraph 4.1 of Section H. Section H is structured so that all such disputable matters are listed in paragraphs 4.3 and 4.4. The new paragraphs introduced by CA013 should have therefore been listed in paragraph 4.4 of Section H but this change was inadvertently omitted.</p> <p>CA022 proposes to correct this by adding two additional sub-paragraphs, 4.4.14 and 4.4.15, to Section H, which will refer to paragraphs 1.4 and 2.7 of Section D, Part Three, respectively. It will also make it clear that disputes in reference to TEC Exchange fall under the provisions of paragraph 4.4 and not 4.3.</p>		<p>CA022 (Amendments to Section H resulting from CA013) was proposed by National Grid and discussed at the August STC Committee meeting. The Committee decided that CA022 should proceed directly to the Assessment and Report Phase.</p> <p>The Committee reviewed and signed-off the Proposed Amendment Report at September's STC Committee meeting. Proposed Amendment Report circulated to the industry for consultation on 22nd September 2006. Consultation period closes on 6th October 2006.</p> <p>No consultation responses received. Final Amendment Report submitted to Authority on 12th October 2006.</p> <p>Authority approved CA022 on 13th November 2006. CA022 was implemented on 20th November 2006.</p>
