Result Day for the longer-term service: the second Friday in March, 1st Friday in August and the 4th Friday in October

Market Report Day: the 3rd Friday in April, 4th Friday in August and the 2nd Friday in November

Definitions

Tender Sheets Available by: Tender sheets for the latest tender round will be published by this date on the STOR section of the Balancing Services website

Market Day: All STOR Tenders in respect of this tender round must be submitted by 17:00 on this date.

Results Day for Short-term service: After Market Day, National Grid will assess all STOR Tenders which it receives, applying the assessment principles referred to in the assessment principles document. National Grid may either accept or reject a STOR Tender by issuing a STOR Tender Acceptance or STOR Tender Rejection. Where a tenderer permits National Grid to accept some only of the seasons tendered in a STOR Tender then National Grid may issue a STOR Tender Acceptance in respect of the successful seasons and a STOR Tender Rejection in respect of the seasons which National Grid rejects. National Grid will issue STOR Tender Acceptances and Rejections in respect of this tender round for the short-term service by this date.

Results Day for Longer-term Service: National Grid will issue STOR Tender Acceptances and Rejections in respect of this tender round for the longer-term service by this date.

Market Report Published by: National Grid will publish a summary of contracted volume and price information from the most recent tender round and update utilisation information in a Market Information Report by this date. This can be found on the STOR section of the Balancing Services website

Seasons Available in Tender Round: The specific season dates which correspond to the references given in this calendar are contained within the tender sheets.
