

Changes to the HAR following review 2019;

Article 48. Remuneration of Long Term Transmission Rights holders for nonnominated Physical Transmission Rights and Financial Transmission Rights: Was amended to clarify the rules for remuneration of LTTRs: in case of day-ahead Explicit Allocation from fallback allocation for Implicit Allocation for Transmission Rights and no price resulting from point (a) (day-ahead price is not calculated at least in one of the two relevant Bidding Zones), the price shall be the Marginal Price of the Auction at which Transmission Rights were allocated in a day ahead fallback mechanism, for the concerned hourly period.

Article 57. Process and notification of curtailment which provides more transparency on the reasons for curtailment of long-term transmission rights: Has been amended so when Single Allocation Platform notify affected holders of LTTR of curtailment, they must include a description of the triggering event within 24 hours after the initial notification, which includes;

- i. Exact operational security limit(s) that are expected to be violated in the absence of curtailment
- ii. TSO(s) invoking the curtailment
- iii. Why alternative measures are not sufficient to avoid the expected violation of the operation security limit(s)

Article 59. Compensation for curtailments to ensure operation remains within Operational Security Limits before the Day Ahead Firmness Deadline: Was amended to clarify the rules for remuneration of LTTRs; (b) if the day-ahead price is not calculated at least in one of the two relevant Bidding Zones, the price shall be the Marginal Price of the Auction at which Transmission Rights were allocated in a day ahead fallback mechanism, for the concerned hourly period; or

(c) the Marginal Price of the initial Auction if no price derived from the calculation according to point (a) and (b).
