

Humber Low Carbon Pipelines project

Stage Two Consultation – Feedback form

National Grid Ventures (NGV) is developing plans for new onshore pipeline infrastructure to transport low carbon hydrogen and captured carbon dioxide in the Humber region. This consultation is being carried out by NGV, a division of National Grid plc, in line with the requirements of the Planning Act 2008.

Please refer to the consultation materials for more information on the proposals. You may visit the website at nationalgrid.com/humberpipelines or view printed materials, such as panels and brochures, which are available at events. Further details on where you can find information is contained in this form.

In addition, for more information on the planning process, please visit: <https://infrastructure.planninginspectorate.gov.uk>.

Have your say

On **31 October 2022**, we launched our second stage of public consultation on our draft plans. We are inviting stakeholders, local communities and other interested parties to provide feedback on our latest plans. The consultation closes at 8.59am on 29 November 2022. Please provide your comments by then so they can be considered.

We are inviting people to comment on the proposed route alignment as well as:

- The proposed above ground installations (AGIs);
- The potential impacts of the project during construction, operation and decommissioning;
- The preliminary environmental information report (PEIR);
- Our proposals for the project as a whole; and
- Anything else you would like us to consider.

If you would like help completing this form, or to find out more about our proposals, please get in touch using the contact details on this form.

All comments will be reviewed and considered by the team as we develop and finalise our plans. We will then submit an application for a Development Consent Order (DCO) to the Planning Inspectorate, the Government body responsible for handling the DCO applications.

As part of our application, we will produce a consultation report which will summarise all feedback and how we have had regard to comments.

Once complete, please return this feedback form to us. You can send it via Freepost to **FREEPOST HLCP NATIONAL GRID** or via email to HumberLowCarbon@nationalgrid.com. If you have any queries, please email us or freephone 0800 860 6255.

Alternatively, you can visit our project website to provide your feedback online: nationalgrid.com/humberpipelines.

If you require more space, please use additional paper and make it clear which question you are answering.

Please ensure you submit your feedback by 8.59am on 29 November 2022.

Personal information:

Title: _____ First Name: _____

Surname: _____

Your address: _____

Postcode: _____

E-mail: _____

Date (of completing this form): _____

Are you responding on behalf of an organisation? (if yes, tick box)

Name of organisation: _____

Please refer to the privacy notice on this form for details of how we will handle your data.

Part one

Route section one: Drax to Keadby

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q1. Do you have any comments on the proposed pipeline route in this section, including in relation to construction and operation?

Q2a. An AGI is proposed at Drax. Do you have a preference for which site option is selected (option A, B, C or D)? Please state the letter and provide any reasons.

Q2b. Do you have any further comments in relation to the proposed Drax AGI sites, including in relation to landscaping?

Q3 A single AGI preferred site has been selected at Reedness (also known as KP 19.3). Do you have any comments in relation to this proposed AGI site, including in relation to landscaping?

Q4a. An AGI is proposed at Keadby. Do you have a preference for which site option is selected (option A, B or C)? Please state the letter and provide any reasons.

Q4b. Do you have any further comments in relation to the proposed Keadby AGI sites, including in relation to landscaping?

Route section two: Keadby to Scunthorpe

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q5. Do you have any comments on the proposed pipeline route in this section, including in relation to construction and operation?

Q6. A single AGI preferred site has been selected at Messingham. Do you have any comments in relation to this proposed AGI site, including in relation to landscaping?

Q7a. An AGI is proposed at British Steel, Scunthorpe. Do you have a preference for which site option is selected (option A or B)? Please state the letter and provide any reasons.

Q7b. Do you have any further comments in relation to the proposed British Steel, Scunthorpe AGI sites, including in relation to landscaping?

Route section three: Scunthorpe to Killingholme

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q8. Do you have any comments on the proposed pipeline route in this section, including in relation to construction and operation?

Q9a. An AGI is proposed at Scawby. Do you have a preference for which site option is selected: option A (also known as KP 57.4) or option B (also known as KP 57)? Please state the letter and provide any reasons.

Q9b. Do you have any further comments in relation to the proposed Scawby AGI sites, including in relation to landscaping?

Route section three: Scunthorpe to Killingholme (cont'd)

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q10a. An AGI is proposed at Ulceby. Do you have a preference for which site option is selected: option A (also known as KP 75.1) or option B (also known as KP 75.2)? Please state the letter and provide any reasons.

Q10b. Do you have any further comments in relation to the proposed Ulceby AGI sites, including in relation to landscaping?

Q11. A single AGI preferred site has been selected at Killingholme. Do you have any comments in relation to this proposed AGI site, including in relation to landscaping?

Route section four: Killingholme to Hedon

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q12. Do you have any comments on the proposed pipeline route in this section, including in relation to construction and operation?

Q13a. An AGI is proposed at Saltend. Do you have a preference for which site option is selected (option A, B, C or D)? Please state the letter and provide any reasons.

Q13b. Do you have any further comments in relation to the proposed Saltend AGI sites, including in relation to landscaping?

Route section four: Killingholme to Hedon (cont'd)

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q14a. An AGI is proposed at Hedon. Do you have a preference on which site option is selected (option A or B)? Please state the letter and provide any reasons.

Q14b. Do you have any further comments in relation to the proposed Hedon AGI sites, including in relation to landscaping?

Route section five: Hedon to Easington

Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details of this section of the proposed route, including the above ground installations (AGIs).

Q15. Do you have any comments on the proposed pipeline route in this section, including in relation to construction and operation?

Q16. A single AGI preferred site has been selected at Burton Pidsea (also known as KP 109.6). Do you have any comments in relation to this proposed AGI site, including in relation to landscaping?

Q17a. An AGI (Pump Facility) is proposed at Easington. Do you have a preference for which site option is selected (option A or B)? Please state the letter and provide any reasons.

Q17b. Do you have any further comments in relation to the proposed Easington Pump Facility sites, including in relation to landscaping?

Part two

Further questions

Q18. The project has the potential to deliver local benefits that improve existing habitats. This is known as biodiversity net gain (BNG). Do you have any suggestions for how the project could help to improve the local environment or play a role in enhancing local biodiversity? Please refer to specific locations where applicable.

Q19. Do you have any comments on the environmental considerations or impacts? Please see the Preliminary Environmental Information Report (PEIR) for more information.

Q20. Do you have any comments on the proposed construction methodology and approach to managing the construction process? Please refer to consultation materials, the non-technical summary or Chapter 2 of the preliminary environmental information report (PEIR) for further details.

Q21. Is there any further information you would like us to consider as we develop and finalise the proposals?

Q22. Which elements of the consultation did you find most effective? Please rank these 1 to 6 (with 1 most effective and 6 least effective).

- Advertising and promotion Consultation brochure Consultation events (in person)
 Consultation events (online) Telephone line Consultation website

Q23. Do you have any further comments on the project?

What happens next?

Thank you for completing this feedback form. Your views are important to us.

All comments will be reviewed and considered as we finalise the plans. We will then submit our Development Consent Order (DCO) application to the Planning Inspectorate for examination and determination.

For more information, please visit our project website, nationalgrid.com/humberpipelines.

Data Privacy Notice

Camargue Group Limited is supporting National Grid Carbon Limited (elsewhere referred to as National Grid Ventures). Camargue Group Limited (“we” or “us”) is committed to ensuring the privacy of your personal information. In this notice we explain how we hold, process and retain your personal data.

How we use your personal data

We may process information that you provide to us. This data may include the following:

- Your name;
- Your address;
- Your telephone number;
- Your email address;
- Your employer or any group on whose behalf you are authorised to respond; and
- Your feedback in response to the Humber Low Carbon Pipelines consultation (Consultation).

We will use your personal data for the following purposes:

- To record accurately and analyse any questions you raise during the consultation or feedback you have provided in response to the consultation.
- To report on our consultation, detailing what issues have been raised and how we have responded to that feedback (please note that the information contained in the consultation report will be aggregated and will not identify specific individuals).
- To personalise communications with individuals we are required to contact as part of future consultation or communications.
- The legal basis for processing this data is that it is necessary for our legitimate interest, namely for the purpose of ensuring the consultation process, analysis and reporting are accurate and comprehensive.
- In addition to the specific purposes for which we may process your personal data set out above, we may also process any of your personal data where such processing is necessary for compliance with a legal obligation to which we are subject.

Providing your personal data to others

We may provide your personal data to the following recipients:

- National Grid Carbon Limited and WSP Environment & Infrastructure Solutions UK Ltd on whose behalf we are collecting your feedback in order to analyse and report on the responses received.
- Third party service providers and professional advisors who provide services to National Grid Carbon Limited and WSP Environment & Infrastructure Solutions UK Ltd in connection with the consultation.

- Any relevant local planning authority or council.
- Our insurers/ professional advisers. We may disclose your personal data to our insurers and/or professional advisers insofar as reasonably necessary for the purposes of obtaining and maintaining insurance cover, managing risks, obtaining professional advice and managing legal disputes.

Retaining and deleting personal data

Personal data that we process for any purpose shall not be kept for longer than is necessary for that purpose.

Unless we contact you and obtain your consent for us to retain your personal data for a longer period, we will delete your personal data as soon as practicable following the outcome of the consultation process.

We may retain your personal data where such retention is necessary for compliance with a legal obligation to which we are subject.

Your rights

The rights you have in relation to your personal information under data protection law are:

- The right to access;
- The right to rectification;
- The right to erasure;
- The right to restrict processing;
- The right to object to processing;
- The right to data portability; and
- The right to complain to a supervisory authority.

You may exercise any of your rights in relation to your personal data by writing to us using the details below.

Our details

We are registered in England and Wales under registration number 3954008, and our registered office is at Eagle Tower, Montpellier Drive, Cheltenham GL50 1TA.
