<ul style="list-style-type: none"> Reference to Metering Business 	<ul style="list-style-type: none"> The drafting at 9.9.7 now includes reference to the Metering Business. The Metering Business is not in scope of current Special Condition 11B.7. We do not believe that it is appropriate for this paragraph to refer to revenues earned and costs incurred by the Metering Business for the purposes of allocation and attribution to the activities referred to in paragraphs (a) -(c) as they will not be allocated to such activities. Please can Ofgem explain the rationale for this proposed change which has not been discussed or consulted on.
