

NGET Special Conditions Removals

Condition	Comment
SpC 6E The Innovation Roll-out Mechanism	No comments. We agree with the removal of the condition
SpC 1B Transmission Area	<p>We agree with the removal of the condition on the basis that the definition of “Transmission Area” is moved to Special Condition 1.1.</p> <p>The definition of Transmission Area in Special Condition 1.1 cross refers to the term “Western HVDC Link”.</p> <p>In the definition of “Western HVDC Link” in Special Condition 1.1:</p> <ul style="list-style-type: none"> • In the 4th line of sub-paragraph (c) change “their” to “its”; and • The text beginning “and that does not transmit” in sub-paragraph (c) should be dropped down into a separate (un-numbered) paragraph as this applies to (a),(b) and (c) in the definition
SpC 2K Electricity Transmission Losses reporting	No comments. We agree with the removal of the condition
SpC 3J Transmission Investment for Renewable Generation	<p>We agree with the removal of this condition as per paragraph 3.157 of the reasons and effects document.</p> <p>However, the condition has erroneously been included at Special Condition 5.7 in the NGET licence that is being consulted on. This should be removed from the NGET licence and Special Condition 5.7 should appear as “Not Used” in the NGET licence</p>
SpC 6C Determination of PCFM Variable Values for Totex Incentive Mechanism Adjustments – Transportation Owner	No comments. We agree with the removal of the condition
SpC 6D Specified Financial Adjustments – Transmission Owner	No comments. We agree with the removal of the condition
