

**The National Grid Electricity Transmission (Birkhill Wood Substation Project) Compulsory Purchase Order 2025**

**The Electricity Act 1989  
The Acquisition of Land Act 1981**

National Grid Electricity Transmission PLC (company registration number 02366977 and in this Order called the "Acquiring Authority") makes the following Order-

- 1 Subject to the provisions of this Order, the Acquiring Authority is under section 10 and paragraph 1 of Schedule 3 of the Electricity Act 1989 ("the 1989 Act") hereby authorised to purchase compulsorily the land and the new rights over land described in paragraph 2 for the purposes of carrying on the activities authorised by its transmission licence under the 1989 Act, and more particularly for the purpose of the construction and operation of a new 400kv substation to facilitate the connection of third party connectees to the national electricity transmission network, reconfiguration of existing overhead lines and provision of new electricity pylons together with a new vehicular access from the A1079 to serve a new access road to the new substation with onward connection to the existing Creyke Beck substation.
- 2 The land and new rights to be acquired:
  - (a) The land authorised to be purchased compulsorily under this Order is described in Table 1 of the Schedule hereto and delineated and shown coloured pink on the order map, sealed with the common seal of the Acquiring Authority and marked "Map referred to in the National Grid Electricity Transmission (Birkhill Wood Substation Project) Compulsory Purchase Order 2025".
  - (b) The new rights to be purchased compulsorily over the land under this Order are described in Table 1 of the Schedule hereto in accordance with the definitions set out in paragraph 7 below. The land over which the new rights are to be purchased compulsorily is shown coloured blue on the said map in accordance with the nature of rights described at paragraph 7 below.
- 3 Parts 2 and 3 of Schedule 2 to the Acquisition of Land Act 1981 are hereby incorporated into the Order, and references in the said Parts 2 and 3 to "the undertaking" shall be construed as including the works to be constructed by the Acquiring Authority in, on, over and under the land subject to this Order.
- 4 The Acquiring Authority may not serve a notice to treat or execute a general vesting declaration in respect of this order after the end of the period of three years beginning with the day on which the compulsory purchase order becomes operative.
- 5 Where pursuant to this Order a new right is acquired by the Acquiring Authority it shall be exercisable at all times by the Acquiring Authority, its successors in title, lessees, licencees, assigns and those deriving title from them and all persons authorised by any of these.

# NATIONAL GRID ELECTRICITY TRANSMISSION (BIRKHILL WOOD SUBSTATION PROJECT) COMPULSORY PURCHASE ORDER 2025

6 In the Schedule to this Order, where a party's interest has already been identified and described in a plot then if they are identified in a later plot their address has not been repeated.

7 In Table 1 of Schedule 1 to the Order the following terms shall have the following meanings:

"electric cables" means the underground cables (including wires, earth wires, fibre optic cables and other communication cables, pipes, coatings and ducts), connections, cable draw pits, cable joints, cable marker posts, cable terminals, earth bonding and tape, drains, culverts, fibre optic pits, inspection boxes, trenches, marking bands, protective boards or tiles, jointing pits, link boxes, manholes, monitoring equipment, apparatus, conductors, supports, plant, equipment, pillars, warning tape, sheaths and other underground or overground equipment and apparatus associated with or ancillary to such underground cable

"electric lines" means the electric lines and conductors (including wires, earth wires, fibre optic cables and other communication cables, pipes, coatings, ducts and connections) for transmitting and/or distributing electricity at such voltage as the Acquiring Authority or other licensed operators may from time to time require for the purposes of its or their operations together with the towers (if any) for supporting the same together with such equipment and apparatus associated with or ancillary to such electric lines and conductors

| Term                       | Definition                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
