Scheduled Monuments						
1015890	n/a	444909	365638	Stainsby defended manorial complex including site of chapel	Earthwork remains of medieval manor house, chapel, defensive ditch, rampart, outer bank, fishpond and hollow-way.	Medieval

NHLE ref	Grade	Easting	Northing	Name	Description	Period
1007035	n/a	444229	368940	Sutton Scarsdale Hall	Ruined Georgian country house built 1724–1729 for Nicholas Leke, 4th Earl of Scarsdale.	Post-medieval
Conservation Areas						
n/a	n/a	445010	365532	Stainsby	Village with medieval earthworks and 19 th century watermill. Designated as a Conservation Area by Bolsover District Council. A small medieval manorial village near Ault Hucknall, centred on well-preserved earthworks around the former manor chapel. The manor complex is scheduled with key features including a waterlogged defensive ditch, moated earthworks, and signs of a chapel site.	Medieval to Post-medieval
n/a	n/a	444623	366910	Heath Village	Heath Village Conservation Area, located in the North East Derbyshire district, was designated in May 1977 to safeguard its unique historic and architectural qualities. The layout of Heath traces back to a 13 th century hamlet known as Lunt/Lound, with field patterns and street alignments remarkably consistent since at least 1609.	Medieval to Post-medieval
n/a	n/a	439570	340893	Hardstoft	Hardstoft Conservation Area was designated in 1978, with the conservation area boundary extended in 1990. Hardstoft has a dispersed settlement pattern resulting from an ad hoc development of settlement around Hardstoft Common in the 19 th century, with the survival of undeveloped open spaces. This has led to the presence of a network of lanes and road, which contribute to its dispersed character. It has a historic connection to Hardwick Hall due to historic ownership of the surrounding agricultural land as part of the Hardwick estate.	Post-medieval

NHLE ref	Grade	Easting	Northing	Name	Description	Period
n/a	n/a	443900	363066	Astwith	Preserved as a linear agricultural hamlet with rows of historic stone-built cottages and traditional boundary walls. Conservation appraisal documents emphasise its 18th–19th century character.	Post-medieval
n/a	n/a	443768	360528	Tibshelf	A former agricultural and mining village, Tibshelf's conservation area is defined by its 18th–19th century stone cottages, the parish church of St John the Baptist, and remnants of the industrial era, including colliery sites. The area's character reflects its medieval origins and significant expansion during the Victorian industrial period	Medieval to Post-medieval
n/a	n/a	444293	369237	Sutton Scarsdale	The conservation area is dominated by the imposing ruins of Sutton Scarsdale Hall, a Grade I listed Georgian mansion (1724–29), incorporating elements of a 15th-century house. The hall's shell, with its grand Corinthian columns, stands beside the parish church, set in open parkland. The area is notable for its Georgian and late medieval heritage.	Medieval to Post-medieval
n/a	n/a	437737	355159	South Wingfield	Centred on the ruins of Wingfield Manor (15th century), a fortified manor house of national importance, and the historic South Wingfield railway station (1840s, Grecian style). The conservation area's landscape includes remnants of medieval deer parks and 19th-century industrial heritage, reflecting both medieval and Victorian periods.	Medieval to Post-medieval
n/a	n/a	446420	364590	Hardwick and Rowthorne	The conservation area encompasses the Hardwick Hall (1590–97), the earlier Hardwick Old Hall, and the planned estate village of Rowthorne. The landscape is dominated by parkland, ancient woodland, and estate	Post-medieval

NHLE ref	Grade	Easting	Northing	Name	Description	Period
					buildings, representing the Elizabethan and post-medieval periods.	
n/a	n/a	439027	359075	Higham Old Village	A linear settlement on the Roman Ryknield Street, Higham conservation area features the medieval market cross (13th century), 18th–19th century farmhouses, and the former Methodist chapel (1852). The area’s heritage assets reflect its medieval market origins and later Georgian/Victorian development.	Medieval to Post-medieval
n/a	n/a	438756	356902	Amber Mill and Toad Hole	Centred on the Grade II listed Amber Mill (built 1817), with associated mill pond, wheelhouse, and industrial outbuildings. The conservation area preserves the early 19th-century industrial landscape and water management features.	Post-medieval
n/a	n/a	439315	358228	Hallfield Gate	The conservation area comprises a small rural hamlet dominated by Hallfield Gate House (late 17th or early 18th century, Jacobean style), with associated farm buildings and stone cottages. The area’s character is shaped by its post-medieval agricultural heritage.	Post-medieval
n/a	n/a	440748	360063	Morton	A rural village conservation area with a core of 18th–19th century stone cottages, agricultural buildings, and the parish church. The area’s layout and architecture reflect its medieval origins and Victorian rural development.	Medieval to Post-medieval
n/a	n/a	440907	365005	North Wingfield	A large historic parish with a medieval church, 18th–19th century cottages, and remnants of the Roman Ryknield Street. The conservation area’s assets span the medieval to Victorian periods, reflecting agricultural and early industrial influences.	Medieval to Post-medieval

NHLE ref	Grade	Easting	Northing	Name	Description	Period
n/a	n/a	440803	355828	Alfreton	The conservation area comprises the parish church of St Martin (parts dating to the 13th century), Georgian and Victorian civic buildings, and the Grade II listed Alfreton milepost (early 19th century).	Medieval to Post-medieval
n/a	n/a	444412	358539	Old Blackwell	The conservation area included a small settlement with 18th–19th century stone cottages and farmhouses, reflecting its agricultural origins and later coal mining influences.	Post-medieval
n/a	n/a	444379	359241	Newton	A former mining village with rows of Victorian terraced housing, Methodist chapels, and remnants of the coal industry. The conservation area's character is shaped by its 19th-century industrial heritage.	Post-medieval
n/a	n/a	442881	355852	Carnfield Hall	Centred on Carnfield Hall, a Grade II* listed country house with origins in the late 15th century, extensively remodelled in the 17th and 19th centuries. The hall, gardens, and associated estate buildings dominate the area, representing the late medieval, Jacobean, and Victorian periods.	Medieval to Post-medieval

Scheduled Monuments						
1007024	n/a	438840	329618	Settlement site	A prehistoric or early medieval settlement visible as earthworks and crop marks across a ~222×244 m field area overlapping Aston upon Trent, Swarkestone, and Weston upon Trent parishes. The designation includes archaeological remains typical of ancient rural communities.	Prehistoric to Medieval origins
1007028	n/a	431988	329045	Settlement site and enclosures	Prehistoric cursus and associated landscape visible as cropmarks—earthworks include curvilinear ditches, possible round-house enclosures and field systems.	Neolithic to Romano-British
1007076	n/a	437029	327811	Swarkestone Bridge	A medieval stone bridge and causeway over the River Trent, nearly 0.75 mile long, featuring 17 arches over marshland with causeway embankments. The surviving core dates to the late 13th or early 14th century, with repairs in 1632, widening in 1795–97 (after flood damage), and additional works (1808, 1830, 1852–54, 1899 blue-brick). Key events: Civil War defence (1643), Jacobite usage (1745), WWII defences.	Medieval

1019871	n/a	441429	332576	Heavy Anti-Aircraft Gunsite 340 m South East of Gardens Farm	The monument includes the standing, buried and earthwork remains of part of a WWII Heavy Anti-aircraft (HAA) gunsite known as Station DNH4. The site includes two gun emplacements, an ancillary building and part of the approach track. It also includes the earthwork and buried remains of the command post.	Modern
1011436	n/a	433335	328341	Twyford Henge and Round Hill Bowl Barrow	The monument includes a henge and the bowl barrow known as Round Hill. The henge does not survive as an upstanding feature, but its construction ditch has been identified from aerial photographs and survives as a buried feature beneath modern horticultural land.	Prehistoric
Conservation Areas						
n/a	n/a	432208	330016	Trent and Mersey Canal	A linear conservation area covering ~14 miles of canal, with historic bridges, locks and mileposts. Officially designated on 19 May 1994 by South Derbyshire Council. A substantial linear conservation area embracing approximately 14 miles of canal corridor. It features historic canal infrastructure—locks, bridges, mileposts—built from the late 18th century. The canal's stretch in South Derbyshire exhibits	Post-medieval

					cohesive industrial waterways heritage with intact structural assets.	
n/a	n/a	437203	328611	Swarkestone	Village along the canal with several listed structures; Character Statement adopted in 2014. Covers the village and surrounding canal corridor. It includes 19 listed buildings: a Grade I church, three Grade II*, farmhouses, bridges, the canal lock and mileposts, a toll house and pub. The area retains medieval origins and structures from the Georgian and Victorian eras.	Post-medieval
n/a	n/a	432704	328645	Twyford	Hamlet by the River Trent/canal; Character Statement adopted in 2014. Small riverside hamlet near the Trent canal junction. Character emphasises historic cottages, traditional stone walls, and rural setting adjacent to the canal. The 2014 appraisal underscores its vernacular charm and integration with waterways.	Medieval to Post-medieval
n/a	n/a	435432	328331	Barrow-upon-Trent	Rural parish including canal bridge and church; Character Statement adopted in 2011. Encompasses the historic village, church, and adjacent canal infrastructure including mileposts and bridges. Emphasis on limestone buildings, age-old lanes, and spatial relationship with rivers and canal.	Post-medieval to modern
