

2025 Directors' Remuneration Policy

Our Remuneration strategy sets out to ensure strong alignment with our strategic priorities and creation of value for shareholders while providing market competitive remuneration to enable the attraction and retention of top leadership talent. The previous Policy was adopted in 2022 and has supported the delivery of strong performance, and created strong alignment between the success of management, our strategic priorities, and the shareholder experience. Looking at our strategic portfolio repositioning and five year financial framework which includes a capital investment of c. £60 billion, a nearly two-fold increase to the investment in the prior five years, clearly demonstrate that National Grid has evolved in size and complexity. The 2025 Directors' Remuneration Policy (2025 Policy) was adopted in July 2025 following approval at the AGM, with 98.38% of shareholders voting in favour of the Policy. During the decision making process the Remuneration Committee undertook a review of the previous 2022 Policy and its implementation to ensure that our 2025 Policy is future-focused and enables delivery of our five-year framework. During the review process the Remuneration Committee considered the following: wider workforce remuneration, market practice, external guidance, input from management and input from our independent advisors. The Committee took measures to avoid conflicts of interest and no Director was present when their own remuneration was discussed.

In light of the above change to scale and complexity and the associated challenges in delivery, the 2025 Policy includes the following main changes from the previous Policy:

Remuneration element	Summary of Policy changes
Salary	<ul style="list-style-type: none"> Change the benchmarking peer group from FTSE 11-40 to FTSE 30.
Annual Performance Plan (APP)	<ul style="list-style-type: none"> Increase the maximum opportunity from 125% of salary to 200% for both Executive Directors. Once the shareholding requirement is met, introduce flexibility to reduce the deferral percentage to one-third (currently half). Deferral period remains at two years.
Long-Term Performance Plan (LTPP)	<ul style="list-style-type: none"> Increase the maximum opportunity from 350% and 300% of salary for the CEO and CFO respectively to 400% and 350% of salary.
Exceptional circumstances APP/LTPP	<ul style="list-style-type: none"> Remove the flexibility to award up to 50% of salary in either the APP or LTPP in exceptional circumstances.
Non-executive Director fee governance	<ul style="list-style-type: none"> Propose that NED fees are set by the CEO and Chair of the Board, supported by the CPO; previously NED fees were set by the Group Executive Committee in conjunction with the Chair of the Board.
Treatment of dividend equivalents	<ul style="list-style-type: none"> At the discretion of the Committee, allow dividend equivalents to be delivered in either cash or shares in order to align with the shareholder-approved LTPP plan rules that allow for dividend equivalents to be delivered in either cash or shares.

Rationale for the above changes are set out in the Remuneration Committee Chair's letter in the 2024-25 Annual Report and Accounts. We engaged widely with shareholders and proxy advisory service organisations and are grateful for the engagement, feedback, and overwhelming positive support on our 2025 Policy proposals. The Committee is committed to maintaining an open dialogue and members were available to answer questions throughout the AGM process. The 2025 Policy applies to payments made and shares granted from the date of the 2025 AGM.

Any accrued dividend equivalent will be prorated, depending on the level of award vesting.</p> <p>Participants must retain vested shares (after any sales to pay associated income tax and social security) until the shareholding requirement is met, and in any event for a further two years after vesting.</p> <p>Awards are subject to malus and clawback provisions.</p>	<p>The normal annual maximum award limits that may be granted are 400% of salary for the CEO and 350% of salary for other Executive Directors.</p> <p>For each performance measure, threshold performance will trigger up to 20% of the award to vest; 100% will vest if maximum performance is attained.</p>	<p>The Committee will review performance measures for each award cycle prior to grant to ensure continued alignment with the Company's strategy. As such, different performance measures, targets and/or weightings may be set to reflect the business strategy and the regulatory framework operating at that time.</p> <p>Awards have a three-year performance period followed by a two-year holding period post-vesting.</p> <p>Notwithstanding the level of award achieved, the Committee has the discretion to modify the formulaic amount vesting, to reflect wider financial and business performance, demonstration of leadership qualities and our values, or to take account of a significant event.</p>

2025 Directors' Remuneration Policy continued

Malus and clawback

The Committee has discretion to determine whether exceptional circumstances exist which justify whether any or all of an award should be forfeited, even if already paid. The below malus and clawback examples best suit National Grid as they ensure that APP and LTPP outturns are fully justified.

Examples of exceptional circumstances include, but are not limited to:

- discovery of a material misstatement resulting in an adjustment in the audited accounts of the Company or any Group company;
- the assessment of any performance condition, or condition in respect of a payment or award under the APP or LTPP, that was based on error, inaccurate or misleading information;
- the discovery that any information used to determine the APP or LTPP award was based on error, inaccurate or misleading information;
- action or conduct of a participant which amounts to fraud or gross misconduct;
- event or behaviour of a participant leading to the censure of the Company by a regulatory authority or has had a significant detrimental impact on the reputation of any Group company, provided that the Board is satisfied that the relevant participant was responsible for the censure or reputational damage and that the censure or reputational damage is attributable to the participant; and
- a material failure of risk management and/or corporate failure.

Where the Committee in its absolute discretion determines that exceptional circumstances exist that justify doing so:

- in respect of all or part of an award that has yet to be paid or vested ('malus'), as applicable, the Committee may determine the award, or part of it, will be forfeited; and
- in respect of all or part of an award that has been paid or has vested ('clawback'), as applicable, the Committee may determine the award, or part of it, will be forfeited and may reclaim an amount considered appropriate through means deemed appropriate to those specific circumstances.

APP – cash	Malus applies in the year the bonus is earned and up to the payment date of the bonus. Clawback applies from the payment date until two years post the performance period
APP – deferred shares	Malus applies until the end of two years following the financial year in which the bonus is earned and clawback for two years thereafter
LTPP	Malus applies up to vesting and clawback during the two-year holding period

Shareholding requirement – in employment

The requirement of Executive Directors to build up and hold a significant value of National Grid shares ensures they share a significant level of risk with shareholders and aims to align their interests. Executive Directors are required to build up and retain shares in the Company. The level of holding required is 500% of salary for the CEO and 400% of salary for the other Executive Directors. Unless the shareholding requirement is met, Executive Directors will not be permitted to sell shares, other than to pay income tax and social security liabilities on shares just vested or in exceptional circumstances approved by the Committee.

Shareholding requirement – post employment

The requirement of Executive Directors to continue to hold National Grid shares after leaving ensures they continue to share a risk with shareholders and maintain alignment with shareholders' interests. Executive Directors will be required to hold shares equivalent to 200% of salary calculated at their leaving date, or maintain their actual holding percentage if lower, expressed as a number of shares and hold such shares for a period of two years. This calculation excludes the value of any awards not yet vested for 'good leavers' that will vest according to the normal schedule and which in any event must be held for a two-year period. The calculation will include recently vested LTPP awards or APP awards paid as shares which are subject to respective two-year holding periods, even after employment.

Until the post-employment shareholding requirement is met, Executive Directors will not be permitted to sell shares, other than to pay income tax and social security liabilities on shares just vested or in exceptional circumstances approved by the Committee.

Our reward peer group

The Committee reviews its Remuneration Policy against appropriate peer groups annually to make sure we remain competitive in the relevant markets. The primary focus for reward market comparisons for UK-based Executive Directors will be the FTSE 30. For US-based Executive Directors, we will continue to use US general industry and US energy services companies with similar levels of revenue for reward market comparisons. These peer groups are considered appropriate for a large, complex, international and predominantly regulated business. The Committee may amend the peer group and reference other peer groups as deemed appropriate.

Policy tables – Non-Executive Directors (NEDs)

Element	Operation	Maximum levels	Performance metrics, weighting and time period applicable
Fees for NEDs Purpose and link to business strategy: to attract NEDs who have a broad range of experience and skills to oversee the implementation of our strategy.	NED fees (excluding those of the Chair) are set by the CEO and the Chair, supported by the CPO. The Chair fees are set by the Committee. Fee structure: <ul style="list-style-type: none"> • Chair fee (all inclusive); • Base fee; • Committee chair fee; • Committee membership fee; • Senior Independent Director fee; and • Additional Board responsibilities. Fees are reviewed every year taking into account those in companies of similar scale and complexity. The Chair is eligible to receive benefits as deemed appropriate and necessary in respect of the role, which may include, for example, private medical and personal accident cover, the use of a company car and driver, and financial advice. NEDs do not participate in incentives, pension or any other benefits. NEDs are reimbursed for expenses incurred in the course of their duties, such as travel and accommodation expenses, on a grossed-up basis (where applicable). NEDs who also sit on National Grid subsidiary boards may receive additional fees related to service on those boards.	There are no prescribed maximum fee levels although fee increases are generally aligned to salary increases received by other Company employees and market movement of similar scale and complexity. The cost of benefits provided to the Chair is not subject to a predetermined maximum since the purchase cost will vary from year to year.	Not applicable.

Legacy arrangements

For the avoidance of doubt, the Committee may approve payments to satisfy commitments agreed prior to the approval of this Remuneration Policy, for example, those outstanding and unvested incentive awards which have been disclosed to shareholders in previous Remuneration Reports and any commitment made to a person before that person became an Executive Director.

Operation of the policy

The Committee reviews annually the overall appropriateness and relevance of the Remuneration Policy and whether any changes should be put to shareholders. Decisions on the measures and targets for performance-related pay (APP and LTPP) and payouts are made taking account of overall financial and business performance. The Committee also works closely with the People & Governance Committee regarding the appointment of new Directors. The Committee will also link in with the Employee Share Schemes Sub-Committee as required. Consistent with the UK Corporate Governance Code, members of the Remuneration Committee are independent Non-Executive Directors who do not receive any variable remuneration and do not participate in decisions about their own remuneration.

Other features of the Remuneration Policy

Policy on recruitment remuneration

Salaries for new Executive Directors appointed to the Board will be set in accordance with the terms of the approved Remuneration Policy in force at the time of appointment, and in particular will take account the appointee's skills, experience and the scope and assessment of the market rate for the role.

Where appropriate, salaries may be set below market level initially, with the Committee retaining discretion to award increases in salary in excess of the wider workforce to progressively bring the salary up to the market level over time, where this is justified by performance. Any such increases will be disclosed accordingly, along with a supporting rationale where appropriate.

Benefits consistent with those offered to other Executive Directors under the approved Remuneration Policy in force at the time of appointment will be offered, taking account of local market practice. The Committee may also agree that the Company will meet certain recruitment costs, for example legal fees, certain relocation expenses or provide tax equalisation as appropriate.

Pension contributions for new Executive Directors appointed to the Board will be set in accordance with the terms of the approved Remuneration Policy in force at the time of appointment.

Ongoing incentive pay (APP and LTPP) for new Executive Directors will be in accordance with the approved Remuneration Policy in force at the time of appointment. This means the normal maximum APP award in any year would be 200% of salary and the normal maximum LTPP award would be 400% of salary for the CEO and 350% of salary for other Executive Directors, excluding any buyout awards.

For an externally appointed Executive Director, the Company may offer additional cash or share-based payments that it considers necessary to buy out current entitlements from the former employer that will be lost on recruitment to National Grid. Any such arrangements would, so far as practicable, reflect the delivery mechanisms, time horizons and levels of conditionality of the remuneration entitlement lost. In order to facilitate buy-out arrangements, existing incentive arrangements will be used to the extent possible, although awards may also be granted outside of these shareholder-approved schemes if necessary and as permitted under the Listing Rules.

For an internally appointed Executive Director, any outstanding APP awards will be determined according to the original terms but paid at the end of the year. Any outstanding LTPP awards will be paid according to the original terms.

Fees for a new Chair or Non-Executive Director will be set in line with the approved Policy in force at the time of appointment.

Service contracts/letters of appointment

In line with our Policy, all Executive Directors have service contracts which are terminable by either party with 12 months' notice commencing immediately after announcement. Non-executive Directors are subject to letters of appointment. The Board Chair's appointment is subject to six months' notice by either party; for other Non-executive Directors, notice is one month. Both Executive Directors and Non-executive Directors are required to be re-elected at each AGM.

Copies of the Directors' service contracts and letters of appointment are available for inspection at the Company's registered office.

2025 Directors' Remuneration Policy continued

Policy on payment for loss of office

The contracts contain provisions for payment in lieu of notice, at the sole and absolute discretion of the Company. Such contractual payments are limited to payment of salary only for the remainder of the notice period. In the UK, such payments would usually be phased on a monthly basis, over a period not greater than 12 months, and the Executive Director would be expected to mitigate any losses where employment is taken up during the notice period. In the US, for tax compliance purposes, the policy is to make any payment in lieu of notice as soon as reasonably practicable, and in any event within two and a half months of the later of 31 December and 31 March immediately following the notice date.

In the event of a UK Director's role becoming redundant, statutory compensation would apply and the relevant pension plan rules may result in the early payment of an unreduced pension. On termination of employment, no APP award would generally be payable. However, the Committee has the discretion to deem an individual to be a 'good leaver', in which case a pro rata discretionary payment could be paid, based on performance (as measured at the end of the financial year) and the achievement of individual objectives during the financial year up to termination.

In the UK, any discretionary payment would generally be paid at the normal time. In the US the payment may be made earlier if required for tax compliance purposes, in which case the Committee would apply discretion to determine an appropriate level of financial performance. Examples of circumstances which could trigger 'good leaver' treatment include redundancy, retirement, illness, injury, disability, mutual agreement and death. The Committee may apply discretion to determine if any pro rata discretionary payment should be made sooner than it would normally be paid, for example, in the case of death.

On termination of employment, outstanding awards under the share plans will be treated in accordance with the relevant plan rules approved by shareholders. Unvested share awards would normally lapse. 'Good leaver' provisions apply at the Committee's discretion and in specified circumstances.

Examples of circumstances which could trigger 'good leaver' treatment include: redundancy, retirement, illness, injury, disability, mutual agreement and death. In these circumstances, awards will be released to the departing Executive Director, or, in the case of death, to their estate. Long-term share plan awards held by 'good leavers' will normally vest, subject to performance measured at the normal vesting date and be reduced pro rata for completed time of service starting on the date of grant, as per the plan rules. Such awards would vest at the same time as for other participants, apart from circumstances in which the award recipient has died, in which case the awards may vest as soon as practicable (based on a forecast of performance).

At the Committee's discretion, the Company may also agree other payments such as an agreed amount for legal fees associated with the departure of the Executive Director and outplacement support.

No compensation would be paid for loss of office of Directors on a change of control of the Company.

No compensation is payable to the Chair or Non-Executive Directors if they are required to stand down or are not re-elected at the AGM.

External appointments

Executive Directors may, with the approval of the Board, accept one external appointment as a Non-executive Director of another company and retain any fees received for the appointment. Experience as a board member of another company is considered to be valuable personal development, which in turn is of benefit to the Company.

Corporate and share capital events

The Group's employee share plans (including the LTPP) contain standard provisions that allow awards (and where relevant their exercise prices) to be adjusted, or in some cases vest or be exchanged, on the occurrence of a corporate or share capital event such as a capitalisation or Rights Issue, sub-division, consolidation or reduction of share capital, demerger, special dividend or distribution, listing or change of control, normally at the discretion of the Committee. The Committee also has the ability to adjust performance targets where appropriate.

Total remuneration opportunity

The total remuneration for each of the Executive Directors that could result from the 2025 Policy under three different performance levels (below threshold, when only fixed pay is receivable, on target and maximum) is shown below. The maximum receivable assuming 50% share price growth in LTPP awards over a three-year performance period, and the basis for this calculation, is set out in the notes below.

John Pettigrew

Andy Agg

Notes:

- Fixed pay consists of salary, pension and benefits in kind as provided under the Remuneration Policy. Salary is that to be paid in 2025/26, taking account of the increases that will be effective from 1 July 2025 as shown on page 147 in the 2024-25 Annual Report and Accounts. Benefits in kind and pension are as shown in the Single Total Figure of Remuneration table for 2024/25 on page 128 in the 2024-25 Annual Report and Accounts.
- APP calculations are based on 200% of salary for the period 1 April 2025 to 31 March 2026. APP payout is 0% for below threshold performance, 50% for on-target performance and the maximum of 100% is for achieving stretch.
- LTPP calculations are based on awards to be granted in 2025 of 350% of 1 July 2025 salary for John Pettigrew and 300% of 1 July 2025 salary for Andy Agg (noting that the Policy maximum is 400% and 350% of salary for the CEO and CFO respectively). LTPP payout is 20% for threshold performance and the maximum of 100% is for achieving stretch and straight line vesting between. Excludes changes in share price and dividend equivalents.
- For LTPP calculations, assuming either a 50% share price growth over the three-year performance period, the increase in LTPP value and maximum total compensation for each of the Executive Directors would be (all amounts expressed as £'000):
 - John Pettigrew: LTPP value would increase from £4,363 to £6,545 and maximum total compensation would rise from £8,247 to £10,428 respectively
 - Andy Agg: LTPP value would increase from £2,462 to £3,692 and maximum total compensation would rise from £5,017 to £6,247 respectively

Consideration of 2025 Policy elsewhere in the Company

The design and implementation of executive remuneration takes into consideration the wider workforce context and remuneration strategy to ensure they are mutually reinforcing. Our 2025 Policy is well aligned to policies for our non-unionised workforce, and the Committee actively considers employee feedback and views on executive pay. The Company issues an employee engagement survey each year, which includes remuneration as a topic, and regularly engages with employees on a variety of topics including remuneration to ensure employees have an opportunity to share their feedback and views.

All employees are entitled to salary, benefits, and pension contributions. The approach to assessing salaries, benefits, pensions and other elements of remuneration is consistent across the Group with an objective to ensure they remain competitive at relevant mid-market levels for all job bands/roles, including roles that are subject to union negotiation. In the UK, we are committed to fair pay via accreditation with the Living Wage Foundation. This commits both National Grid and contractors working on our behalf to pay, as a minimum, the real Living Wage as promoted by the Living Wage Foundation.

Middle to senior leaders are eligible to participate in our long-term incentive plans either through performance share awards or restricted share awards (under the LTPP) to incentivise and reward their individual contributions toward the Company's longer-term strategic priorities. Performance measures for the LTPP are consistent with measures set for Executive Directors to ensure strong alignment and focus on the Company's strategic goals.

Across the wider workforce, a greater emphasis and focus is placed on delivery of the Company's annual operational and financial business plans. As such, the majority of employees are eligible to participate in the APP. Performance measures for annual incentives are cascaded through the organisation and designed to ensure they incentivise elements of business performance within an individual's control and are aligned to an employee's annual goals. All Company employees are encouraged to become shareholders through a number of all-employee share plans and a significant proportion of our employees participate annually. These plans include Sharesave and the SIP in the UK and the 401(k) and 423(b) plans in the US which are summarised on page 275 in the 2024-25 Annual Report and Accounts.
