

**The National Grid Electricity Transmission plc (Pelham to Rayleigh Overhead Line Reinforcement)
Compulsory Purchase Order 2026**

The National Grid Electricity Transmission plc (Pelham to Rayleigh Overhead Line Reinforcement) Compulsory Purchase Order 2026

The Electricity Act 1989
The Acquisition of Land Act 1981

National Grid Electricity Transmission plc (company registration number 02366977 and in this Order called the "Acquiring Authority") makes the following Order-

- 1 Subject to the provisions of this Order, the Acquiring Authority is under section 10 and paragraph 1 of Schedule 3 of the Electricity Act 1989 ("the 1989 Act) hereby authorised to purchase compulsorily the new rights over land described in paragraph 2 for the purposes of carrying on the activities authorised by its transmission licence under the 1989 Act, and more particularly for the purpose of upgrading a section of approximately 100 kilometres of overhead line in the East Anglia Region by way of reconductoring the existing Quad Zebra conductors to Triple Araucaria between Pelham, Twinstead Tee, and Rayleigh.
- 2 The new rights authorised to be purchased compulsorily in, on, under or over land under this Order are described in Table 1 of Schedule 1 hereto in accordance with the definitions set out at paragraph 7 below and delineated and shown coloured light blue and edged red on a map prepared in duplicate, sealed with the common seal of the Acquiring Authority and marked "Map referred to in the National Grid Electricity Transmission plc (Pelham to Rayleigh Overhead Line Reinforcement) Compulsory Purchase Order 2026.
- 3 Parts 2 and 3 of Schedule 2 to the Acquisition of Land Act 1981 are hereby incorporated into the Order, and references in the said Parts 2 and 3 to "the undertaking" shall be construed as including the works to be constructed by the Acquiring Authority in, on, over and under the land subject to this Order.
- 4 The Acquiring Authority may not serve a notice to treat or execute a general vesting declaration in respect of this Order after the end of the period of three years beginning with the day on which the compulsory purchase order becomes operative.
- 5 Where pursuant to this Order a new right is acquired by the Acquiring Authority it shall be exercisable at all times by the Acquiring Authority, its successors in title, lessees, licensees, assigns and those deriving title from them and all persons authorised by any of these.
- 6 In the Schedule to this Order, where a party's interest has already been identified and described in a plot then if they are identified in a later plot their address has not been repeated.
- 7 In Table 1 to the Order the following terms shall have the following meanings:

**The National Grid Electricity Transmission PLC (Pelham to Rayleigh Overhead Line Reinforcement)
Compulsory Purchase Order 2026**

Defined Term	Description of Right
Overhead Line Rights	All rights necessary at all times for the purposes of or incidental to the construction, retention, use, operation, protection, maintenance, surveying, testing, repair, renewal, replacement, commissioning and removal and decommissioning of the overhead electricity lines and associated infrastructure, including rights to: (a) enter, oversail and remain on the land and adjoining land with or without personnel, vehicles, plant, machinery, apparatus and equipment including scaffolding, materials and personnel for such purposes; (b) take all necessary rights of support for the electricity lines; (c) install and remove protection measures for third party structures/assets, including scaffolding; (d) install, retain, replace and remove safety devices upon electricity lines located on the land; (e) carry out works required or permitted by a planning permission and/or consent or licences; (f) erect and remove fencing; (g) store and stockpile and where necessary use, manage and process plant, machinery, apparatus, and materials (including excavated material) and/or equipment; (h) construct, lay down, use and remove access roads including any necessary temporary bridging, culverting or diversion of water courses and drains and modifying road verges and junctions; (i) carry out de-watering and drainage works and install, alter, reinstate or remove land drainage systems; (j) discharge water into existing drains and watercourses; (k) protect and prevent damage to or interference with the operation and maintenance of the electricity lines and construction of the same; (l) fell, trim or lop trees, shrubs, hedges and bushes and to clear and remove any and all vegetation which may damage, obstruct or interfere with these Overhead Line Rights or access to the electricity lines; (m) the right to bring onto the land, position and swing the jib of a crane loaded or unloaded through the airspace above the land for the purposes of constructing, installing and removing machinery and equipment; (n) fly a small uncrewed aircraft over the land for the purpose of carrying out inspections of the electricity lines which are at ground level or above and to acquire data in respect of the land during the flight provided that the Acquiring Authority is to act in compliance with Civil Aviation Authority guidance as may be in place for such use from time to time; (o) enter any part of the land to retrieve and recover any small, uncrewed aircraft; (p) prevent and remove any works on or use of the land that would prevent the works, access to or the operation and maintenance of the electricity lines; (q) erect, create, use and remove hoarding, welfare facilities including portable toilets, portable cabins and offices, security cameras, parking of vehicles and electricity generators; (r) install, use and remove artificial lighting; (s) install, use, alter, divert and remove services and utilities; (t) prevent changes to the use, or level of the surface of, the land; (u) make good any damage caused in connection with the exercise of these Overhead Line Rights; and (v) carry out any activities ancillary or incidental thereto.
Construction Compound Rights	All rights necessary for the purposes of or incidental to the establishment, use and removal of works compounds associated with the construction, commissioning and decommissioning of the electricity lines, including to:

	(a) erect, create, use and remove a works compound which may include hardstanding, portable cabins and offices, security measures and welfare facilities including portable toilets and electricity generators; (b) store, stockpile and where necessary use, manage and process plant, machinery, apparatus, materials (including excavated material) and/or equipment; (c) access and remain on the compound area with or without vehicles, personnel and plant, machinery, apparatus, equipment and materials for such purposes; (d) fence, erect hoardings or signage or otherwise secure the compound; (e) carry out de-watering and drainage works and install, alter or reinstate land, drainage systems; (f) discharge water into existing drains and watercourses; (g) install, use and remove artificial lighting; (h) park vehicles; (i) protect and prevent damage to or interference with the exercise of the Construction Compound Rights including the operation and maintenance of any works constructed pursuant to these Construction Compound Rights; (j) fell, trim or lop trees, shrubs, hedges and bushes and to clear and remove any and all vegetation which may damage, obstruct or interfere with the exercise of these Construction Compound Rights; (k) install, use, alter, divert and remove services and utilities; (l) the right to erect repair reinstate and remove temporary scaffolding; (m) carry out archaeological environmental and/or ecological mitigation measures (n) make good any damage caused in connection with the exercise of these Construction Compound Rights; and (o) carry out any activities ancillary or incidental thereto
Construction and Operational Access Rights	All rights necessary to access the land at all times with or without vehicles, plant, machinery, apparatus, equipment (including without limitation scaffolding), materials and personnel, to exercise the Overhead Line Rights, Construction Compound Rights, Earthing Rights, and Oversail Rights including to: (a) access the land and adjoining Order land for the purposes of or incidental to the preparation, construction, installation and commissioning of the overhead electricity lines and associated infrastructure, decommissioning or removal of existing overhead electricity lines and associated infrastructure, electrical plant, structures and apparatus from that land and for the purposes of operating, inspecting, maintaining, repairing, altering, renewing, replacing, removing or decommissioning the overhead electricity lines; (b) carry out works to facilitate such access including to construct, lay down, use and remove access roads including any necessary temporary lighting, temporary welfare structures, generators, temporary traffic signage and associated traffic management, temporary bridging, erecting fencing and gates, carrying out security operations, carrying out earth works, removing structures or apparatus, modifying road verges, junctions and bellmouths and installing, using, altering, diverting, and removing services and utilities; (c) with or without vehicles plant and equipment to fell, trim or lop all trees, bushes and vegetation and remove or alter walls, fences or any other structures or erections on the land which obstruct or interfere with the exercise of the rights granted; (d) the right to bring onto the land, position and swing the jib of a crane loaded or unloaded through the airspace above the land for the purposes of constructing, installing and removing machinery and equipment; (e) with or without vehicles plant and equipment to enter the land to access any adjoining land in connection with the Acquiring Authority's undertaking; and (f) carry out any activities ancillary or incidental thereto.
Earthing Rights	All rights necessary to access and remain on the land with or without vehicles, personnel and plant, machinery, apparatus,

	equipment and materials to install, retain, replace and remove safety devices upon electricity lines located on the land.
Oversail Rights	All rights necessary at all times with plant and equipment from the air to oversail the land with overhead electricity lines and associated infrastructure associated with the exercise of the Overhead Line Rights, Construction Compound Rights, Construction and Operational Access Rights and Earthing Rights including rights to: (a) fly a small uncrewed aircraft over the land for the purpose of carrying out inspections of the electric lines which are at ground level or above and to acquire data in respect of the land during the flight provided that the acquiring authority is to act in compliance with Civil Aviation Authority guidance as may be in place for such use from time to time; (b) enter any part of the land to retrieve and recover any small, unmanned aircraft; (c) protect and prevent damage to or interference with the operation and maintenance of the electric lines and construction of the same; (d) to use the electric lines; (e) make good any damage caused in connection with the exercise of these Oversail Rights; and (f) carry out any activities ancillary or incidental thereto
For the purposes of this definitions table and the Order "electricity infrastructure" means the electricity cables and conductors (including wires earth wires, fibre optic cables and other communication cables, pipes, coatings, ducts and connections) for transmitting and/or distributing electricity as such voltage as the Acquiring Authority or other licenced operators may from time to time requires for the purposes of its or their operations together with the towers (if any) for supporting the same together with such equipment and apparatus associated with or ancillary to such electricity lines and conductors
