[^{F27} 6A No-scheme principle

- (1) The no-scheme principle is to be applied when assessing the value of land in order to work out how much compensation should be paid by the acquiring authority for the compulsory acquisition of the land (see rule 2A in section 5).
- (2) The no-scheme principle is the principle that—
 - (a) any increase in the value of land caused by the scheme for which the authority acquires the land, or by the prospect of that scheme, is to be disregarded, and
 - (b) any decrease in the value of land caused by that scheme or the prospect of that scheme is to be disregarded.
- (3) In applying the no-scheme principle the following rules in particular (the “no-scheme rules”) are to be observed.
- (4) Rule 1: it is to be assumed that the scheme was cancelled on the relevant valuation date.
- (5) Rule 2: it is to be assumed that no action has been taken (including acquisition of any land, and any development or works) by the acquiring authority wholly or mainly for the purposes of the scheme.
- (6) Rule 3: it is to be assumed that there is no prospect of the same scheme, or any other project to meet the same or substantially the same need, being carried out in the exercise of a statutory function or by the exercise of compulsory purchase powers.
- (7) Rule 4: it is to be assumed that no other projects would have been carried out in the exercise of a statutory function or by the exercise of compulsory purchase powers if the scheme had been cancelled on the relevant valuation date.
- (8) Rule 5: if there was a reduction in the value of land as a result of—
 - (a) the prospect of the scheme (including before the scheme or the compulsory acquisition in question was authorised), or
 - (b) the fact that the land was blighted land as a result of the scheme,
 that reduction is to be disregarded.
- (9) In this section—

“blighted land” means land of a description listed in Schedule 13 to the Town and Country Planning Act 1990;

“relevant valuation date” has the meaning given by section 5A.
- (10) See also section 14 for assumptions to be made in respect of planning permission.

6B Lower compensation if other land gains value

- (1) This section applies where—
 - (a) a person is entitled to compensation for the compulsory acquisition of land (the “original land”) for the purposes of a scheme,
 - (b) on the date the notice to treat is served in respect of the original land, the person is entitled to an interest in other land (the “other land”) which is contiguous or adjacent to the original land,
 - (c) the person is entitled to the interest in the other land in the same capacity as the person is entitled to the interest in the original land, and
 - (d) the person's interest in the other land has increased in value as a result of the scheme.
- (2) The amount of compensation to which the person is entitled in respect of the compulsory acquisition of the original land is to be reduced by the amount of the increase in the value of the person's interest in the other land as at the relevant valuation date (determined in accordance with section 5A).
- (3) An amount by which the other land increases in value may not be set off against compensation payable to the person (for the original land or otherwise) in accordance with subsection (2) more than once.
- (4) If the other land is subsequently subject to compulsory acquisition for the purposes of the scheme mentioned in subsection (1), the compensation to which the person is entitled for the other land includes the amount which was deducted from the person's compensation for the original land in accordance with subsection (2) (despite the no-scheme principle).
- (5) If part only of the other land is subject to compulsory acquisition, the compensation to which the person is entitled by virtue of subsection (4) is to be reduced accordingly.
- (6) Subsections (4) and (5) apply in relation to a person (a “successor”) who derives title from the person mentioned in that subsection as if the original land had been acquired from the successor.
- (7) This section does not apply in relation to compensation which is to be assessed in accordance with section 261 of the Highways Act 1980 (benefit to vendor to be taken into account in assessing compensation on certain compulsory acquisitions for highway purposes).

6D Meaning of “scheme” etc.

- (1) For the purposes of sections 6A, 6B and 6C, the “scheme” in relation to a compulsory acquisition means the scheme of development underlying the acquisition (subject to subsections (2) to (5)).
- (2) Where the acquiring authority is authorised to acquire land in connection with the development of an area designated as—
- (a) an urban development area by an order under section 134 of the Local Government, Planning and Land Act 1980,
 - (b) a new town by an order under section 1 of the New Towns Act 1981, or

- (3) Where land is acquired for [^{F28}development] which is facilitated or made possible by a relevant transport project, the scheme includes the relevant transport project (subject to section 6E).
- (4) For the purposes of subsection (3) and section 6E—
- (a) a “relevant transport project” means a transport project carried out in the exercise of a statutory function or by the exercise of compulsory purchase powers (regardless of whether it is carried out before, after or at the same time as the [^{F29}development for which the land is acquired]), and
 - (b) where different parts of the works comprised in such a transport project are first opened for use on different dates, each part is to be treated as a separate relevant transport project.

- (5) If there is a dispute as to what is to be taken to be the scheme (the “underlying scheme”) then, for the purposes of this section, the underlying scheme is to be identified by the Upper Tribunal as a question of fact, subject as follows—
- (a) the underlying scheme is to be taken to be the scheme provided for by the Act, or other instrument, which authorises the compulsory acquisition unless it is shown (by either party) that the underlying scheme is a scheme larger than, but incorporating, the scheme provided for by that instrument, and
 - (b) except by agreement or in special circumstances, the Upper Tribunal may permit the acquiring authority to advance evidence of such a larger scheme only if that larger scheme is one identified in the following read together—
 - (i) the instrument which authorises the compulsory acquisition, and
 - (ii) any documents made available with it.
- (6) In the application of no-scheme rule 3 in relation to the acquisition of land for or in connection with the construction of a highway (the “scheme highway”) the reference in that rule to “any other project” includes a reference to any other highway that would meet the same or substantially the same need as the scheme highway would have been constructed to meet.

[In this section and section 6E, “development” includes re-development, regeneration^{F30}(7) and improvement.]

(3) In assessing compensation payable to a person in respect of the compulsory acquisition of that land, the scheme is to be treated as if it did not include the relevant transport project if the person acquired the land—

- (a) after plans for the relevant transport project were announced, but
- (b) before [^{F33}the relevant date].

[The “relevant date” is—

- ^{F34}(3A) (a) 8 September 2016, in a case where the land is acquired for regeneration or redevelopment and regeneration or redevelopment was part of the published justification for the relevant transport project;
- (b) in any other case, the first day after the period of three months beginning with the day on which section 188 of the Levelling-up and Regeneration Bill comes into force.]

(4) Subsections (5) and (6) set out how subsection (2)(b) should be applied if a claim for compensation is made by a person (the “claimant”)—

- (a) during the period of 5 years mentioned in that subsection, and
- (b) before the works are first opened for use.

(5) Compensation is to be assessed on the basis that the works will first be opened for use after the period of 5 years unless the acquiring authority confirms that, in the authority's opinion, the works will first be opened during that period (in which case compensation is to be assessed on the basis that the works will first be opened for use during that period).

(6) If the basis on which compensation was assessed proves to be incorrect—

- (a) the claimant's entitlement to any compensation which the claimant has already been awarded is not affected,
- (b) the acquiring authority must give the claimant a notice informing the claimant that the basis on which the compensation was assessed was incorrect,
- (c) the claimant may make a further claim for compensation in respect of the compulsory acquisition, and
- (d) for the purposes of the Limitation Act 1980, the further claim for compensation accrues on the day the claimant receives the notice.]

Assumptions as to planning permission

[^{F39}14 Taking account of actual or prospective planning permission.

- (1) This section is about assessing the value of land in accordance with rule (2) in section 5 for the purpose of assessing compensation in respect of a compulsory acquisition of an interest in land.

- (a) of planning permission, whether for development on the relevant land or other land, if it is in force at the relevant valuation date, and
- [^{F40}(b) of the prospect of planning permission being granted on or after that date for development, whether on the relevant land or other land, other than development for which planning permission is in force at the relevant valuation date.]
- [^{F41}(2A) If a description of development is certified under section 17 as appropriate alternative development in relation to the relevant land (or any part of it), it is to be taken as certain for the purposes of subsection (2)(b) that—
 - (a) planning permission for development of that description would be (or would have been) granted on the relevant valuation date, and
 - (b) the permission would be (or would have been) granted in accordance with any indication given under section 17(5B).
- (2B) In relation to any other development, the prospects of planning permission are to be assessed for the purposes of subsection (2)(b)—
 - (a) on the assumptions set out in subsection (5), and
 - (b) otherwise, in the circumstances known to the market at the relevant valuation date.]
- (5) The assumptions referred to in [^{F42}subsection (2B)(a) (and in section 17(1B)(a))] are—
 - (a) that the scheme of development underlying the acquisition had been cancelled on the launch date,
 - (b) that no action has been taken (including acquisition of any land, and any development or works) by the acquiring authority wholly or mainly for the purposes of the scheme,
 - (c) that there is no prospect of the same scheme, or any other project to meet the same or substantially the same need, being carried out in the exercise of a statutory function or by the exercise of compulsory purchase powers, and
 - (d) if the scheme was for use of the relevant land for or in connection with the construction of a highway (“the scheme highway”), that no highway will be constructed to meet the same or substantially the same need as the scheme highway would have been constructed to meet.
- (6) In subsection (5)(a) “the launch date” means whichever of the following dates applies—
 - (a) if the acquisition is authorised by a compulsory purchase order, the date of first publication of the notice required under section 11 of the Acquisition of Land Act 1981 or (as the case may be) paragraph 2 of Schedule 1 to that Act,
 - (b) if the acquisition is authorised by any other order—
 - (i) the date of first publication, or
 - (ii) the date of service,
 of the first notice that, in connection with the acquisition, is published or served in accordance with any provision of or made under any Act, or
 - (c) if the acquisition is authorised by a special enactment other than an order, the date of first publication of the first notice that, in connection with the acquisition, is published in accordance with any Standing Order of either House of Parliament relating to private bills;
 and in paragraph (a) “compulsory purchase order” has the same meaning as in the Acquisition of Land Act 1981.

- (7) In subsection (5)(d) references to the construction of a highway include its alteration or improvement.
- (8) If there is a dispute as to what is to be taken to be the scheme mentioned in subsection (5) (“the underlying scheme”) then, for the purposes of this section, the underlying scheme is to be identified by the Upper Tribunal as a question of fact, subject as follows—
- (a) the underlying scheme is to be taken to be the scheme provided for by the Act, or other instrument, which authorises the compulsory acquisition unless it is shown (by either party) that the underlying scheme is a scheme larger than, but incorporating, the scheme provided for by that instrument, and
 - (b) except by agreement or in special circumstances, the Upper Tribunal may permit the acquiring authority to advance evidence of such a larger scheme only if that larger scheme is one identified in the following read together—
 - (i) the instrument which authorises the compulsory acquisition, and
 - (ii) any documents published with it.
- (9) For the purposes of the references [F43] in subsection (2) to planning permission that is in force], it is immaterial whether any planning permission was granted—
- (a) unconditionally or subject to conditions, or

Directions for additional compensation

- 1 (1) This paragraph applies if—
 - (a) an interest in land has been acquired further to a compulsory purchase order, and
 - (b) the order directed that compensation was to be assessed in accordance with section 14A.
- (2) The confirming authority must, on an application by an eligible person, make a direction for additional compensation if it appears to the confirming authority that the following conditions are met.
- (3) Those conditions are—
 - (a) that the statement of commitments has not been fulfilled,
 - (b) either—
 - (i) that the period of 10 years beginning with the date on which the compulsory purchase order became operative has expired, or
 - (ii) that there is no longer any realistic prospect of the statement of commitments being fulfilled within that period, and
 - (c) that the initial direction would not have been confirmed on the basis of a statement of commitments reflecting what has in fact been done with the project land since its acquisition.
- (4) In sub-paragraph (3)—

“the statement of commitments” means the statement of commitments submitted in connection with the compulsory purchase order under section 15A(3) of the Acquisition of Land Act 1981 (and if the statement was amended after its submission, means the statement as amended);

“the project land” means the land treated as the project land for the purposes of the statement of commitments;

and that statement is “fulfilled” if what is done with that land after its acquisition is materially in accordance with the statement.

- (5) The effect of a direction for additional compensation is that each eligible person may make a claim to the acquiring authority for any additional compensation in respect of the acquisition payable to the person under this Schedule.
- (6) A person is an “eligible person” for the purposes of this Schedule if the person was entitled to compensation in respect of the acquisition (and see also paragraph 4(1)).

Amount of additional compensation

- 2 (1) Additional compensation in respect of an acquisition is payable to an eligible person only if, in relation to that person, the alternative amount is greater than the original amount.
- (2) The amount payable is the difference between the two amounts.
- (3) The “original amount” is the amount of compensation awarded or agreed to be paid to the person in respect of the acquisition.
- (4) The “alternative amount” is the amount of compensation that would have been assessed as due to the person in respect of the acquisition had compensation been assessed without the application of section 14A.
- (5) If the original amount was agreed, the relevant valuation date for the purposes of the assessment imagined under sub-paragraph (4) is the date on which the agreement was concluded.
- (6) In relation to the determination of an amount of additional compensation under this Schedule, section 17(2)(b) applies as if its reference to the amount of compensation were to the amount of additional compensation.
- (7) A certificate issued under section 17 (or 18) after the award or agreement referred to in sub-paragraph (3) is to have effect for the purposes of the assessment imagined under sub-paragraph (4) as if it had been issued before that assessment.
- (8) Any amount of compensation that is or would be attributable to disturbance, severance or injurious affection is to be ignored for the purposes of sub-paragraphs (3) and (4).

Time limit for application for direction

- 3 An application under paragraph 1(2) may not be made after the expiry of the period of 13 years beginning with the date on which the compulsory purchase order became operative.

Mortgages

- 4 (1) For the purposes of this Schedule an “eligible person” includes a person who would have been entitled to compensation in respect of the acquisition but for the existence of a mortgage (but the mortgage is in that case still to be taken into account in determining the original and alternative amounts under paragraph 2).
- (2) An amount agreed or awarded to be paid to a mortgagee under section 15 or 16 of the Compulsory Purchase Act 1965 in respect of the acquisition is to be treated for the purposes of this Schedule as compensation in respect of the acquisition.
- (3) The reference in sub-paragraph (2) to an amount paid under section 15 or 16 of the Compulsory Purchase Act 1965 (“the applicable section”) includes an amount paid under section 52ZA or 52ZB of the Land Compensation Act 1973 and taken into account by virtue of section 52ZC(7)(d) of that Act for the purposes of the applicable section.
- (4) Additional compensation payable under this Schedule to a person in the person’s capacity as a mortgagee (or to a person exercising rights of a mortgagee) is to be applied towards the discharge of the sums secured by the mortgage.

Changes to legislation: Land Compensation Act 1961 is up to date with all changes known to be in force on or before 05 July 2026. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

- (5) If there is no remaining sum secured by the mortgage, the additional compensation that would be payable as described in sub-paragraph (4) is instead payable to the person who is an eligible person by virtue of the interest that was subject to the mortgage.
- (6) If the additional compensation that would be payable as described in sub-paragraph (4) exceeds the total of the remaining sums secured by the mortgage, the amount of the excess is instead payable to the person who is an eligible person by virtue of the interest that was subject to the mortgage.

Successors-in-title

- 5
 - (1) This paragraph applies if, had the compensation to which an eligible person was entitled in respect of the acquisition remained unpaid, the right to be paid it would now vest in some other person (assuming that it remained enforceable and any obligations in respect of the right had been complied with).
 - (2) If the eligible person is still alive or in existence, the rights that the eligible person would have under this Schedule are exercisable by the other person and not by the eligible person.
 - (3) If the eligible person is no longer alive or in existence, the rights that the eligible person would have under this Schedule if that person were still alive or in existence are exercisable by the other person.
 - (4) The right exercisable by the other person under sub-paragraph (2) or (3) is subject to any restriction, condition or other incident to which the right vested in that person as imagined under sub-paragraph (1) would be subject.
 - (5) Additional compensation paid to the other person by virtue of sub-paragraph (2) or (3) must be dealt with by the person in any way in which the person would have to deal with compensation paid to that person further to the right vested in that person as imagined under sub-paragraph (1).
 - (6) If a person is an eligible person by virtue of paragraph 4(1), the reference in sub-paragraph (1) to compensation to which the person was entitled is to be read as a reference to the compensation to which the person would have been entitled but for the mortgage.

Consequential losses

- 6
 - (1) The relevant authority may by regulations provide for additional compensation payable on a claim under paragraph 1(5) to include (in addition to any amount payable under paragraph 2) an amount to make good qualifying losses.
 - (2) “Qualifying losses” are financial losses shown to have been suffered by an eligible person, or a person entitled to exercise the rights of the eligible person under paragraph 5, as a result of the compensation initially payable to the eligible person in respect of the acquisition being of the original amount rather than the alternative amount.
 - (3) In the case of an eligible person who is so by virtue of an interest that was subject to a mortgage, the reference in sub-paragraph (2) to compensation payable to the eligible person is to be taken to include compensation payable to the mortgagee of that interest.

- (4) Regulations under this paragraph may limit the qualifying losses in respect of which additional compensation is payable under the regulations by reference to—
- (a) a description of loss,
 - (b) an amount, or
 - (c) any other circumstance.

Procedure etc

- 7 (1) The relevant authority may by regulations make provision—
- (a) about the procedure for applications under paragraph 1(2) or claims under paragraph 1(5) (including provision about the costs of such applications or claims);
 - (b) about steps that must be taken by the acquiring authority or the confirming authority [^{F104}or an inspector] for the purposes of publicising or giving notice of a direction for additional compensation;
 - (c) for interest to be applied to amounts of additional compensation that are payable;
 - (d) about how or when additional compensation (and any interest) is to be paid.
- (2) Regulations under this paragraph about costs of claims under paragraph 1(5)—
- (a) may modify or disapply section 29 of the Tribunals, Courts and Enforcement Act 2007 (costs or expenses) or provisions in Tribunal Procedure Rules relating to costs;
 - (b) may apply (with or without modifications) section 4 of this Act;
- and section 4 of this Act does not apply in relation to such a claim unless so applied.
