

**THE NATIONAL GRID ELECTRICITY TRANSMISSION PLC (WESTON MARSH SUBSTATION A) COMPULSORY PURCHASE
ORDER 2026**

**THE ELECTRICITY ACT 1989
THE ACQUISITION OF LAND ACT 1981**

National Grid Electricity Transmission Plc (In this order called the “acquiring authority”) makes the following order -

1. Subject to the provisions of this order, the acquiring authority is under section 10 of and paragraph 1 of Schedule 3 to the Electricity Act 1989 hereby authorised to purchase compulsorily the land and the new rights in, on, under or over land described in paragraph 2 and 3 (“Order Land”) for the purpose of delivering a new 400kV Air Insulated Substation (AIS) and the removal of existing overhead lines and towers and creation of new and modifications and reconductoring to the existing 400kV overhead lines in the vicinity of the Spalding Tee-Point, Surfleet Seas End and Moulton Seas End.
2. The land authorised to be purchased compulsorily under this order is described in Table 1 of Schedule 1 and the land is shown coloured pink and edged red on a map prepared in duplicate, executed on behalf of the acquiring authority and marked “Map referred to in The National Grid Electricity Transmission plc (Weston Marsh Substation A) Compulsory Purchase Order 2026”.
3. The new rights authorised to be purchased compulsorily in, on, under or over land under this order are described in Table 1 of Schedule 1 in accordance with the definitions at paragraph 9 below. The land over which those new rights are to be compulsorily purchased is shown coloured blue and edged red on the said maps prepared in duplicate, executed on behalf of the acquiring authority and marked “Map referred to The National Grid Electricity Transmission plc (Weston Marsh Substation A) Compulsory Purchase Order 2026”.
4. Parts 2 and 3 of Schedule 2 to the Acquisition of Land Act 1981 are hereby incorporated with this order subject to the modifications that references in Parts 2 and 3 of Schedule 2 to the Acquisition of Land Act 1981 to “the undertaking” shall be construed as including the works to be constructed and used by the acquiring authority in, on, over and under the land subject to this order.
5. Where pursuant to this order a new right is acquired by the acquiring authority it shall be exercisable at all times by the acquiring authority, its successors in title, lessees, licensees, assigns and those deriving title from them and all persons authorised by any of these.
6. In the Schedules to this order, where a party’s interest has already been identified and described in a plot then if they are identified in a later plot their address has not been repeated.

7. In Table 1 of Schedule 1 to this order, the following terms shall have the following meaning and the various rights shall be referred to by the Right Reference Number in the left hand column in the table below:

“electric lines” means the electric lines and conductors (including wires, earth wires, fibre optic cables and other communication cables, pipes, coatings and ducts and connections) for transmitting and/or distributing electricity at such voltage as the Acquiring Authority or other licenced operators may from time to time require for the purposes of its or their operations together with the tower(s) (if any) for supporting the same and any ancillary equipment and apparatus associated with or ancillary to such electric lines and conductors

Right Reference Number	Rights	Description of Rights
2	Access Rights	All rights necessary to access the Order Land and adjoining land with or without vehicles, plant, machinery, apparatus, equipment, materials and personnel for the purposes of constructing, installing, commissioning, inspecting, surveying, maintaining, repairing, altering, renewing, replacing and removing or decommissioning the electric lines, substation and associated infrastructure including landscaping and including: a) to carry out de-watering and drainage works and installing, diverting, altering or reinstating land drainage systems; b) to carry out works to facilitate such access including to construct, lay down, use and remove access roads including any necessary bridging, culverting or diversion of water courses and drains, modifying road verges and junctions, addition of passing places, and installing, using, altering, diverting, and removing services and utilities; c) to access the Order Land and adjoining land to use horizontal directional drilling, where appropriate, for the installation of the cables; d) to fell, trim or lop trees, shrubs, hedges and bushes and to clear and remove any and all vegetation which may damage, obstruct or interfere with the exercise of these Access Rights; e) to make good any damage caused in connection with the exercise of these Access Rights; and f) to carry out any activities ancillary or incidental thereto, and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Access Rights.
3	Not used	Not used

4	Construction Compound Rights	All rights necessary for the purposes of or incidental to the establishment, use and removal of works compounds associated with the construction and commissioning of the substation and associated infrastructure and/or the construction, commissioning and decommissioning of the electric lines, including rights to: a) erect, create, use and remove a works compound which may include portable cabins and offices, noise enclosure, substation and welfare facilities including portable toilets and electricity generators; b) store, stockpile and where necessary use, manage and process plant, machinery, apparatus, materials (including excavated material) and/or equipment; c) remove topsoil, adjust the height of the land, lay geotextile membrane and/or stone surface (or similar surface) on the compound and to store the soil; d) access the land and adjoining land with or without vehicles, personnel, plant, machinery, apparatus, equipment and materials for such purposes; e) carry out works to facilitate such areas including to construct, lay down, use and remove access roads including any bell mouths, temporary roads, necessary bridging, culverting or diversion of watercourses and drains, erecting fencing or gates, carrying out security operations, carrying out earth works, removing buildings or structures or apparatus, modifying road verges and junctions; f) erect, create, use and remove temporary towers and any associated apparatus (including earth wires) for the purpose of diverting electric lines to enable the dismantling of the existing pylons; g) fence, erect hoardings, scaffolding or signage or otherwise secure the compound; h) carry out de-watering and drainage works and install, alter, reinstate or remove land, drainage systems; i) discharge water into existing drains and watercourses; j) monitor, including assets and equipment; k) carry out environmental surveys and works for the purpose of protecting wildlife and habitats during construction; l) support and protect the compound; m) install, use and remove artificial lighting; n) park cars; o) protect and prevent damage to or interference with the operation and maintenance of any works constructed pursuant to these Construction Compound Rights; p) fell, trim or lop trees, shrubs, hedges, bushes and vegetation and to remove any and all vegetation, walls, fences or other structures which may damage, obstruct or interfere with the exercise of these Construction Compound Rights with or without vehicles plant and equipment; q) install, use, alter, divert and remove services and utilities; r) reinstate the land and make good any damage caused in connection with the exercise of these Construction Compound Rights; and s) carry out any activities ancillary or incidental thereto,
---	------------------------------	---

		and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Construction Compound Rights.
5	Not used	Not used
6	Drainage Rights	All rights necessary for the purposes of or incidental to the carrying out of de-watering and drainage works and to install, alter, use, maintain, reinstate or remove drainage systems, including to: a) access the land and adjoining land with or without vehicles, personnel and plant, machinery, apparatus, equipment and materials for such purposes; b) protect and prevent damage to or interference with the operation and maintenance of any de-watering and/or drainage works; c) make good any damage caused in connection with the exercise of these Drainage Rights; and d) carry out any activities ancillary or incidental thereto. and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Drainage Rights.
7	Overhead Line Maintenance Access Rights	All rights necessary to access the land and adjoining land for the purposes of the retention, operation, protection, maintenance, surveying, repair, renewal, replacement, removal and decommissioning of the electric lines, with or without vehicles, plant, machinery, apparatus, equipment, materials and personnel, including to: a) carry out de-watering and drainage works and installing, altering or reinstating land drainage systems; b) carry out works to facilitate such access including to construct, lay down, use and remove access roads including any necessary bridging, culverting or diversion of water courses and drains, modifying road verges and junctions and installing, using, altering, diverting, and removing services and utilities; c) fell, trim or lop trees, shrubs, hedges and bushes and to clear and remove any and all vegetation which may damage, obstruct or interfere with these Overhead Line Maintenance Access Rights; d) make good any damage caused in connection with the exercise of these Overhead Line Maintenance Access Rights; and e) carry out any activities ancillary or incidental thereto, and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Overhead Line Maintenance Access Rights.
8	Not used	Not used
9	Overhead Line Rights	All rights necessary for the purposes of or incidental to the construction, installation, retention, commissioning, operation, protection, maintenance, surveying, repair, renewal, replacement, removal and decommissioning of the electric lines, including to: a) take all necessary rights of support for the electric lines;

		b) install and remove protection measures for third party structures/assets, including scaffolding; c) test and commission the electric lines and to remedy initial faults and defects in them at any time prior to the date on which it is energised and ready for operation; d) enter the land and carry out surveys and investigations, including aerial surveys (including the right to fly an unmanned aircraft over the land and to enter and retrieve and recover any such unmanned aircraft from the land); e) carry out archaeological works, environmental and/or ecological mitigation and/or works (including mitigation planting) and associated monitoring and maintenance with or without vehicles plant and equipment; f) carry out works required or permitted by a planning permission and/or consent or licences; g) erect and remove fencing, scaffolding, hoardings or signage and otherwise secure the requisite compound; h) store and stockpile and where necessary use, manage and process plant, machinery, apparatus, and materials (including excavated material) and/or equipment; i) access the land and adjoining land with or without vehicles, personnel, plant, machinery, apparatus, equipment and materials for such purposes; j) facilitate a footpath diversion; k) construct, lay down, use and remove access roads including any bellmouths, temporary roads, necessary bridging, culverting or diversion of water courses and drains, carrying out security operations, carry out earth works, modifying road verges and junctions and installing, using, altering, diverting, and removing services and utilities; l) carry out de-watering and drainage works and install, alter, reinstate or remove land drainage systems; m) discharge water into existing drains and watercourses; n) protect and prevent damage to or interference with the operation and maintenance of the electric lines and construction of the same; o) fell, trim or lop trees, shrubs, hedges and bushes and to clear and remove any and all vegetation or alter any and all walls, fences or any other structures or erections on the land which may damage, obstruct or interfere with these Overhead Line Rights with or without vehicles, plant and equipment; p) erect, create, use and remove welfare facilities including portable toilets, portable cabins and offices and electricity generators; q) install, use and remove artificial lighting; r) install, use, alter, divert and remove services and utilities; s) prevent changes to the use, or level of the surface of, the land; t) carry out incidental works to allow safe access to the electric lines such as vegetation clearance and bird nest removal; u) apply a temporary electricity earthing system to electric lines;
--	--	--

		v) make good any damage caused in connection with the exercise of these Overhead Line Rights; and w) carry out any activities ancillary or incidental thereto, and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Overhead Line Rights.
10	Not used	Not used
11	Not used	Not used
12	Not used	Not used
13	Construction Access Rights	All rights necessary to access the land and adjoining land for the purposes of the construction, commissioning and decommissioning of the electric lines, and/or the construction, commissioning and decommissioning of the substation and associated infrastructure and/or the establishment, use and removal of works compounds, with or without vehicles, plant, machinery, apparatus, equipment, materials and personnel, including to: a) carry out de-watering and drainage works and installing, altering or reinstating land drainage systems; b) carry out works to facilitate such access including to construct, lay down, use and remove access roads including any necessary temporary bridging, culverting or diversion of water courses and drains, modifying road verges and junctions and installing, using, altering, diverting, and removing services and utilities; c) fell, trim or lop trees, shrubs, hedges and bushes and to clear and remove any and all vegetation which may damage, obstruct or interfere with the exercise of these Temporary Access Rights; d) make good any damage caused in connection with the exercise of these Temporary Access Rights; and e) carry out any activities ancillary or incidental thereto, and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Temporary Access Rights.
14	Construction Drainage Rights	All rights necessary for the purposes of or incidental to the carrying out of de-watering and drainage works and to install, alter, use, maintain, reinstate or remove drainage systems required for the purposes of the construction, commissioning and decommissioning of the electric lines and/or the construction, commissioning and decommissioning of the substation and associated infrastructure and/or the establishment, use and removal of works compounds including to: a) access the land and adjoining land with or without vehicles, personnel and plant, machinery, apparatus, equipment and materials for such purposes;

		b) protect and prevent damage to or interference with the operation and maintenance of any de-watering and/or drainage works; c) make good any damage caused in connection with the exercise of these Drainage Rights; and d) carry out any activities ancillary or incidental thereto. and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Construction Drainage Rights.
15	Visibility Splay Rights	All rights necessary at all times for the purposes of or incidental to ensuring safe vehicular access and egress from the public highway as necessary for the purpose of access to land for constructing and commissioning of the electric lines, and/or the constructing and commissioning of the substation and associated infrastructure and/or the establishment, use and removal of works compounds including to: a) remove, fell, trim or lop trees, bushes, crops and other vegetation, including the removal of hedgerows; b) prevent the erection of any buildings or structures, the placing or storage of any equipment or materials, the parking of any vehicles, the planting or growing of any trees, shrubs or other vegetation on, or the increase in the ground level of, the land, which would reasonably foreseeably restrict visibility of vehicles attempting to join the highway; c) make good any damage caused in connection with the exercise of these Visibility Splay Rights; and d) carry out any activities ancillary or incidental thereto, and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Visibility Splay Rights.
16	Working Area Rights	All rights necessary for the purposes of or incidental to the construction and commissioning, replacement and/or upgrading of the electric lines and associated equipment, and/or the construction, commissioning and decommissioning of the substation and associated infrastructure including rights to: a) enter and be on the land with or without vehicles, plant, machinery, apparatus, equipment, materials and personnel; b) remove, construct, install, replace, and modify overhead electricity lines and associated equipment; c) test and commission the overhead electricity lines, conductors, electricity pylons and infrastructure within, on or over the land and to remedy initial faults and defects in them at any time prior to the date on which the line is energised and ready for commercial operation; d) to carry out works to construct and install the substation and all associated infrastructure including the construction of gantries for the termination of overhead electric line connections into the substation and any other necessary works; e) and carry out surveys and investigations, including intrusive and aerial surveys (including the right to fly an unmanned aircraft over the land and to enter and retrieve and recover any such unmanned aircraft from the land);

		f) carry out archaeological environmental and/or ecological mitigation works and create, use, maintain, inspect, and remove ecological mitigation measures; g) carry out works required by the contractor by licences or consents. h) remove, replace, fell, trim or lop trees, bushes, crops and other vegetation, including removal of hedgerows; i) store and stockpile and where necessary use manage and process plant, machinery, apparatus, and materials (including excavated material) and/or equipment; j) carry out works to facilitate access including to construct, lay down, use and remove access roads including any necessary bridging and any associated works, culverting or diversion of water courses and drains, modifying road verges and junctions and installing, using, altering, diverting, and removing services and utilities; k) fence, erect hoardings, or signage or otherwise secure the working area; l) install, use and remove artificial lighting; m) install, use, alter, divert, and remove services and utilities; n) carry out drainage works and install, alter, or reinstate land drainage systems; o) erect, use, maintain, repair, reinstate and remove temporary scaffolds, and rights to prevent and remove any works or use of the land which may interfere with or obstruct such access or the exercise of these Working Area Rights.
17	Ecological Rights	All rights necessary at all times for the purposes of or incidental to installing, creating, using, retaining, maintaining, replacing, inspecting and removing ecological mitigation measures including rights to: a) trim or lop trees, bushes, crops and other vegetation such as hedgerows, and to retain, inspect & maintain the vegetation growth; b) plant, maintain, cultivate and crop relevant vegetation; c) install and remove any equipment to allow ecological works to take place such as boxes and ecology fences/gates; d) to access the land, at all times, with or without vehicles, plant, machinery, apparatus, equipment, materials and personnel for the purposes of the aforementioned rights and rights to prevent any works on or use of the land that would prevent the exercise of the aforementioned rights.
