DEPARTMENT OF PUBLIC UTILITIES

NOTICE OF FILING, PUBLIC HEARING, AND REQUEST FOR COMMENTS

D.P.U. 26-GC-27 November 6, 2026

Petition of Boston Gas Company d/b/a National Grid for approval of a Firm Transportation Service Agreement between National Grid and Twin Rivers Technologies Manufacturing Corp., pursuant to G.L. c. 164, § 94 and 220 CMR 5.03.

On October 28, 2026, Boston Gas Company d/b/a National Grid ("Company") filed with the Department of Public Utilities ("Department"), pursuant to G.L. c. 164, § 94 and 220 CMR 5.03, a request for approval of a Firm Transportation Service Agreement ("Agreement") between the Company and Twin Rivers Technologies Manufacturing Corp., ("Customer") for service to the Customer's fuel plant at 780 Washington Street, Quincy, Massachusetts 02169. The filing consists of the following: (1) an explanatory cover letter; (2) a copy of the Agreement; (3) a marginal cost analysis; (4) a comparison of the proposed contract rate to the Company's otherwise applicable filed tariff rate; (5) a copy of the prior Firm Transportation Service Agreement that the Agreement is intended to replace ("2025 Agreement"); (6) a copy of the Customer's air quality plan permits; (7) a comparative cost analysis; and (8) an affidavit declaring that the Customer has a decarbonization strategy. Accompanying the filing are (1) a motion for protective treatment and (2) a plain language summary and outreach plan. The Department has docketed the petition as D.P.U. 26-GC-27.

The Company proposes a 120-month Agreement, effective January 1, 2027, subject to the Department's review and approval. This Agreement supersedes the 2025 Agreement, which went into effect January 1, 2026, for a term of 12 months. The Agreement provides for an Annual Contract Volume of 900,000 MMBtu and a Maximum Hourly Transportation Quantity ("MHTQ") of 153,000 cubic feet per hour. In no event shall the Company be required to deliver an amount in excess of the MHTQ. The Customer asserts that it has dual fuel capability and can use No. 2 fuel oil, No. 6 fuel oil or biogenic fuel as a competitive alternative to natural gas. The Company explains that the negotiated rate in effect for the Agreement exceeds the Company's marginal cost to provide this service to the Customer.

The Department will conduct a virtual public hearing to receive comments on the Company's filing. The Department will conduct the hearing using Zoom videoconferencing on **November 20, 2026**, beginning at 2:00 p.m. Attendees can join by entering the link, https://us06web.zoom.us/j/82019809723 from a computer, smartphone, or tablet.
