

# UK Future Energy Scenarios 2012

nationalgrid

27 September 2012, One Great  
George Street, Westminster

National Grid is pleased to announce that it will be hosting its 12th annual industry seminar “UK Future Energy Scenarios 2012” on Thursday 27th September 2012, as part of its Future Energy Scenarios consultation process.

The UK has legislation in place limiting greenhouse gas emissions and mandating minimum levels of renewable energy. What progress has been made? What needs to be done? Topics will include the global energy scene, renewable energy developments and technology trends as well as National Grid providing detailed coverage of its latest set of scenarios.

Coffee and registration from: 08.50  
Seminar: 09.20 to 15.20  
Attendance at this event is free
