Under the terms of the Agreement to Grant an Easement and following the grant of a Development Consent Order, National Grid will have an option to take entry onto land to construct new electricity transmission assets and following construction to complete the Easement.

The incentive payments are reduced by 50% if completion of an Agreement to Grant an Easement occurs any time in weeks 13-18. After week 18 no incentive payments will be made for the completion of an Agreement to Grant an Easement.

4. PAYMENTS FOR SURVEYS AND INVESTIGATION WORKS

As National Grid has a statutory right to take access for surveys and investigation works, these payments are not payments for the grant of access rights as such but are payments in recognition of damage and disturbance that potentially may be caused by surveys and investigation works.

The initial walkover assessment to determine potential survey requirements will not attract a payment. However for any actual surveys, boreholes etc undertaken, National Grid will make the following payments:-

Surveys:

£250 per land holding per single cropping cycle i.e. if a new crop is planted and surveys take place it will trigger a new £250 payment.

For night time visits between 21:00 – 06:00 - £250 for up to 6 night visits per land holding

Boreholes: A one off payment for boreholes of:-

£350 for up to 6 boreholes, in close proximity to each other, per land holding.

At other locations £125 per borehole per land holding

Trial Pits: A one off payment for trial pits/holes of £350 per trial pit/hole per land holding

Water monitoring equipment:

£100 per gauge + £50 per gauge per 12 month period per land holding to cover visits

Any damage in excess of the above figures

would be agreed on an individual basis (on production of evidence and proof of loss).

5. CROP LOSS, DAMAGE AND DISTURBANCE CLAIMS

These will be paid on a proven loss basis.

6. LAND ACQUISITION

Land acquisitions (permanent or temporary) will be agreed on an individual basis.

7. AGENTS' FEES (paid via landowner/occupier)

Fixed fee of £150 for professional land agency services in relation to the return of a completed and signed land interests data sheet for each landholding declaring all known land interests.

Single fixed fee of £250 per land holding in relation to survey and investigation works.

Agents fees for negotiating an Agreement to Grant an Easement and for additional compensation (damage or injurious affection) will be based on the current published National Grid Payment of Surveyors' Fees document.
