

Non-statutory consultation feedback questionnaire

April 2024

Overview

The UK Government has committed to reach net zero emissions by 2050. This means achieving a balance between the greenhouse gases put into the atmosphere and those taken out. Decarbonising the energy system is vital to achieve net zero.

At National Grid Electricity Transmission, we're investing around £1.3bn each year to adapt and develop our network - of pylons, overhead electricity lines, cables and substations - to connect new sources of low carbon energy to homes and businesses. We're investing for the future, connecting more and more low carbon electricity to our network and playing a crucial role in turning the UK's net zero ambitions into reality.

Our Brinsworth to High Marnham project would transport clean energy from the North of England to

homes and businesses in the Midlands and beyond, and play an important role in building a more secure and resilient future energy system.

These proposals form part of The Great Grid Upgrade, which is the largest overhaul of the grid in generations. The Great Grid Upgrade will play a big part in the UK government's plan to boost homegrown power. It will help the UK switch to clean energy and make sure our electricity network is fit for the future; carrying more clean, secure energy from where it's generated to where you need it.

We're now seeking your feedback on our proposed series of works near our existing substation at Chesterfield during a consultation period which runs from **Monday 22 April to Monday 20 May 2024**

Your feedback

We're seeking your views on our proposed series of works. Your feedback will play an important part and help shape our plans ahead of the planning application, which we anticipate we'll submit in early 2025. We value your comments on aspects including traffic management; the environment; local features and impacts that are important to you, including any relevant mitigation you would like to see; and anything else you think we should consider as we further develop our proposals.

Your feedback will help inform and shape our plans and how we finalise our proposals ready for submission to North East Derbyshire District Council. We'll submit a Statement of Community Involvement with our Town and Country Planning Act applications, which will record all feedback and provide our responses.

The consultation is open between Monday 22 April and Monday 20 May 2024, responses received after the consultation closing date for each substation may not be considered.

The information to help you respond to this Feedback Form can be found:

About You

Title: First name:

Surname:

Organisation/group (if responding on behalf of organisation):

Address:

Postcode:

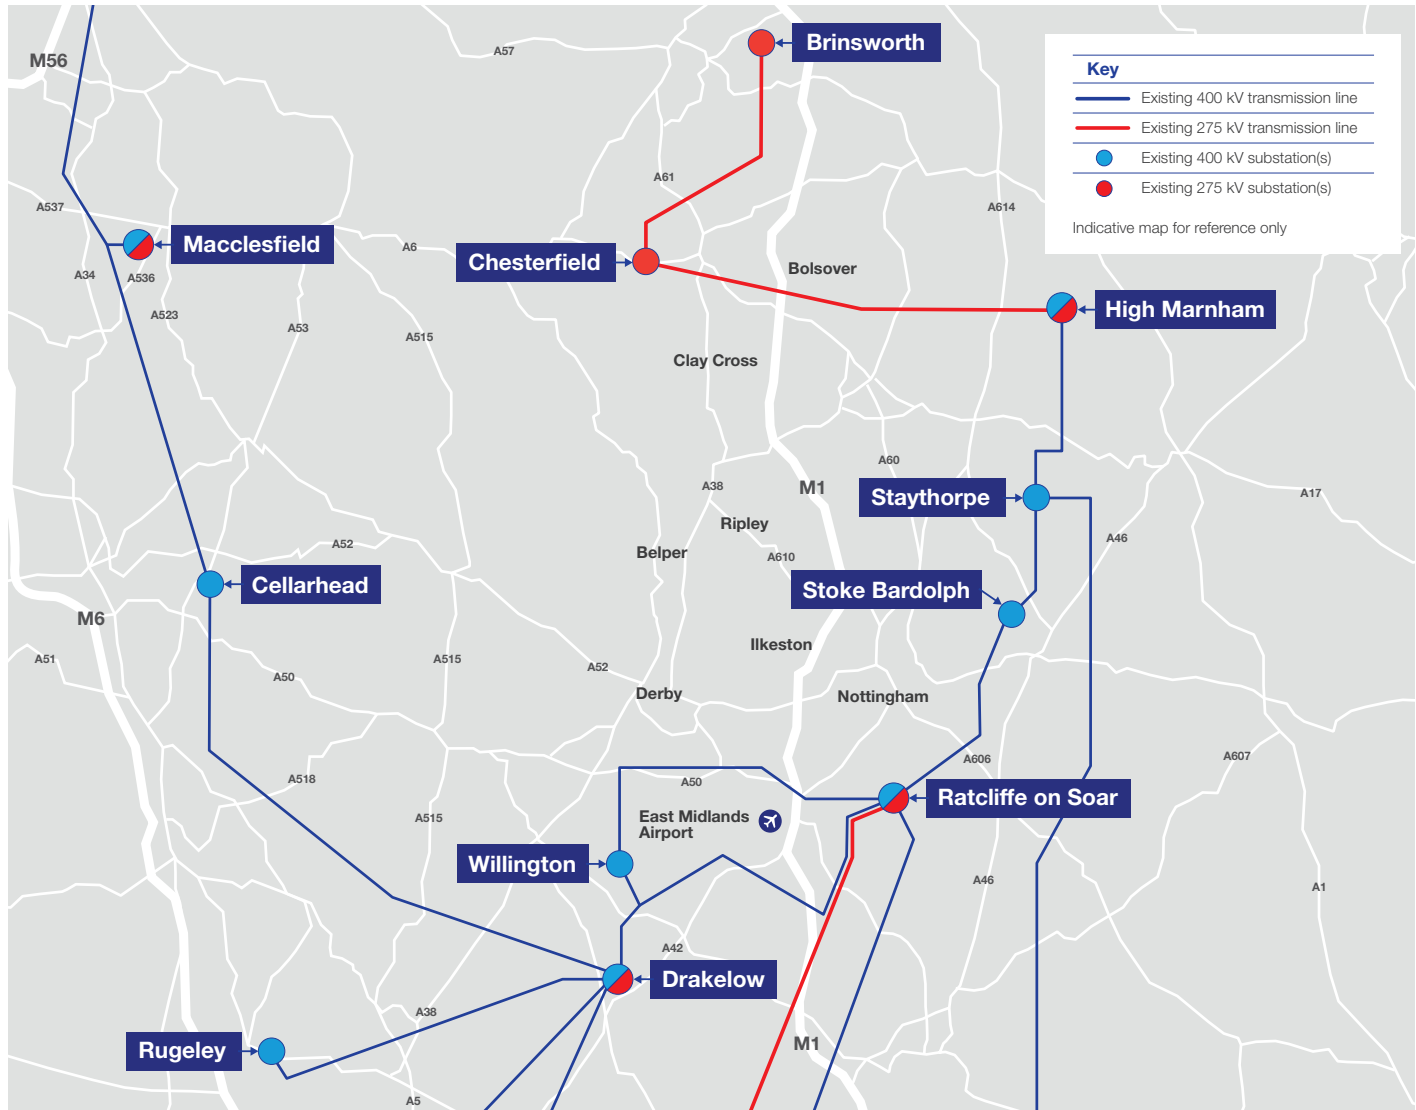

Email address:

☐ Please tick here if you would like us to keep you updated about our proposals via email

1. Chesterfield

This map shows the proposed location for our new Chesterfield substation with an indicative outline of the site layout, potential access route and work needed to divert the existing overhead line into the substation.

Please refer to pages 12 - 19 of the Project Summary Document for more information on our current proposals for the Chesterfield substation.

1) Do you have any comments on the suggested site layout of the Chesterfield substation?

2) Do you have any comments about the proposed site access route/s and how we can best minimise any traffic impact?

3) If our proposals are approved are there any local groups in your community that could benefit from our Community Grant Fund?

4) If our proposals are approved do you have information about any local events that we should consider when planning future construction activities?

5) Do you have any further comments on our current proposals for Chesterfield?

2. Equality and diversity

National Grid would be grateful if you would answer the following equality and diversity questions. We'll use the information we receive to help understand whether our consultation has been useful to people of different backgrounds and requirements. We may publish a summary of the results, but no information about an individual would be revealed. The answers you provide to this question are defined as 'special category data'.

If you agree to provide Equality and Diversity information, you can withdraw your permission at any time. To withdraw your details, please contact us via email at **brinsworth-highmarnham@nationalgrid.com**

1. What is your gender?

- ☐ Male ☐ Female ☐ Non-binary
☐ Prefer not to say

2. Do you consider yourself a person with a disability?

- ☐ Yes ☐ No ☐ Prefer not to say

3. How would you describe your ethnic background?

White

- ☐ English, Welsh, Scottish, Northern Irish or British
☐ Irish
☐ Gypsy or Irish Traveller
☐ Any other White background (please state)
-

Mixed or Multiple ethnic groups

- ☐ White and Black Caribbean
☐ White and Black African
☐ White and Asian
☐ Any other Mixed or Multiple ethnic background (please state)
-

Asian / Asian British

- ☐ Indian
☐ Pakistani
☐ Bangladeshi
☐ Chinese
☐ Any other Asian background (please state)
-

Black/ African/Caribbean/Black British

- ☐ African
☐ Caribbean
☐ Any other Black, African or Caribbean background (please state)
-

Other ethnic group

- ☐ Arab
☐ Any other ethnic group (please state)
-

- ☐ Prefer not to say

4. What is your age?

- ☐ Under 16 ☐ 16-24 ☐ 25-34 ☐ 35-44
☐ 45-54 ☐ 55-64 ☐ 65+ ☐ Prefer not to say

3. Further comments

Data privacy notice

National Grid is committed to protecting your personal information. Whenever you provide such information, we are legally obliged to use it in line with all applicable laws concerning the protection of personal data, including the UK General Data Protection Regulation (GDPR).

How will National Grid Electricity Transmission use the information we collect about you?

We will use your personal data collected via this consultation for several purposes, including:

- to analyse your feedback to the consultation
- to keep up-to-date records of our communications with individuals and organisations.

Any personal information you include in this form will be handled and used by (or made available to) the following recipients to record, analyse and report on the feedback we receive:

- National Grid Electricity Transmission;
- Local Planning Authority;
- our legal advisers; and
- consultants working on the substation works in the Brinsworth to High Marnham area

What rights do I have over my personal data?

Under the terms of the UK GDPR you have certain rights over how your personal data is retained and used by National Grid Electricity Transmission. For more information, see our full data privacy statement nationalgrid.com/privacy-policy
