Gemini Re-platforming Project

10th April 2013

Current User Readiness Plan

Key Messages

- User Readiness Testing 2 has started, all organisations must register your plans for URT 2 participation by emailing GRPcommunications@xoserve.com.
- Organisations that have not completed implementation and testing will lose access to the Gemini System after the cut over on Sunday, 9 June 2013.
- Contingency arrangements need to be organised and implemented by each organisation that has not completed the testing of their changes.
- In the event that you need assistance with the required GRP changes or have any questions then please contact the GRP Project Team via:
GRPcommunications@xoserve.com or 0121 623 2829 / 0121 623 2633
