

Gemini Exit Capacity – Bid Capture Request

Gemini Exit Capacity – Bid Capture Request

- NGT is enhancing the capture request screen in response to feedback received from External Users following the implementation of the new Gemini Exit Capacity Daily Auctions.
- The enhanced functionality will replicate that already available in the Gemini Entry system and allow External Users to place bids for up to seven days in one transaction.
- In preparation for this a short period of User Trials has been proposed for one week from 5th August to 9th August 2013.
- In addition to User Trials the Gemini Exit e-training package will be updated to include the enhanced functionality.

Gemini Exit Capacity - Capture Request Enhancement

In future this existing field will allow you to select up to seven days and enter bids in one process.

The screenshot shows the 'Capture Request' form in a Windows Internet Explorer browser window. The form includes fields for Product, Method of Sale, Transaction Period, BA Code, BA Abbr.Name, BA Name, and Location. A red circle highlights the 'Sub Transaction Period' dropdown menu, which is currently open and showing three options: '29-Jun-2013 to 29-Jun-2013', '30-Jun-2013 to 30-Jun-2013', and '01-Jul-2013 to 01-Jul-2013'. Below the form, there are sections for 'NATIONAL GRID NTS DEFINED PARAMETERS' and 'REQUEST PARAMETERS'.
