1497 comments

DCC Consultation Workshop

- JESG DCC Technical Workshop held over 21 & 22 August
- Around 20 attended, including
 - ENTSO-E secretariat
 - Drafting Team Convenor
- Comprehensive issue by issue page turn
- DCC issues logged (on JESG webpage)
 - Applicability
 - Impact on domestic Users
 - Confusion over intent of drafting

Now and next steps

- Post consultation plan will be developed by ENTSO-E in order to reflect the nature and content of responses
- Expectation as a minimum:
 - User Group meetings – open to all interested stakeholders
 - DSO Expert Group meetings
- National Grid will continue to provide information at JESG
- Option to schedule in JESG Technical Workshop for early 2013 following submission to ACER
