

## JESG Actions – Update 12 September 2012

This document contains details for some of the outstanding actions from the August JESG, and has been circulated to JESG members for information.

Action No	Action	Lead Party	Status	Update
5	Determine the priority issues within the issues log	Barbara Vest & All	Ongoing	
20	<p>Chair of JESG to write to ENTSO-E to:</p> <ul style="list-style-type: none"> <li>request that meetings are not held on Mondays and Fridays, or very near Christmas as it will discourage attendance.</li> <li>request that a sufficient length of time is provided for consideration of papers prior to meetings (suggested at least 10 days)</li> </ul> <p>Peter Bolitho to provide BV with some words on the ENTSOG process</p>	<p>Barbara Vest</p> <p>Peter Bolitho</p>	Open	
42	For each Network Code a comparison document between the Network Code and existing GB Codes will be produced.	NGET	Ongoing	
46	Provide a steer to the Stakeholder community on how implementation of the Network Codes, such as CACM, is to be timed (i.e. work required in advance of Comitology completing)	Ofgem	Open	
49	Ofgem to consider if a GB Stakeholders meeting on the Transparency Guidelines is required, and what the best process is for arranging such a meeting.	Ofgem	Open	
57	Chair and NGET to discuss feedback on the JESG in advance of September Meeting	BV/CH	Closed	Feedback on the RFG will be discussed on the September Agenda

Action No	Action	Lead Party	Status	Update
58	Chair and NGET to discuss and agree dates for JESG meetings in 2013	BV/PW	Closed	New Dates circulated
59	Feedback/Queries to ENTSO-E: <ol style="list-style-type: none"> <li>1. Does the consultation tool allow respondents to make comments on the 'Whereas' section of the Network Code?</li> <li>2. Has the consultation tool been improved to make it more user friendly?</li> <li>3. Highlight the JESG's concerns over the lack of representation from some countries in the Network Code development process</li> <li>4. Will ENTSO-E and ACER capture and act upon any 'lessons learnt' as a result of the RFG process</li> </ol>	NGET	Closed	<ol style="list-style-type: none"> <li>1. Mark Norton (Drafting Team Convenor for DCC) indicated at the JESG DCC Workshop, that the tool had been adjusted to account for the Whereas section.</li> <li>2. Mark Norton (Drafting Team Convenor for DCC) indicated at the JESG DCC Workshop that the tool is continually being improved, however, ENTSO-E is constrained by needing the comments which are captured to be in a format where they can be easily used.</li> <li>3. This has been discussed with ENTSO-E, and they are seeking ways to increase engagement across Europe.</li> <li>4. This has been discussed with ENTSO-E, and they intend to capture lessons learnt from the RFG process, and continue to improve the drafting process, within the constraints of the timescales specified in the regulations.</li> </ol>
60	JESG DCC Workshop: Update the Agenda to include: <ul style="list-style-type: none"> <li>• A summary of the ENTSO-E public workshop slides on the three technical areas of the code.</li> <li>• Applicability of the DCC Code</li> </ul>	NGET	Closed	Workshop agenda updated and workshop held.
61	Contact BEAMA contacts regarding the forthcoming DCC Workshop	BV	Closed	Email sent 16/8

Action No	Action	Lead Party	Status	Update
62	Circulate the Europe-wide industry DCC letter and ENTSO-E response	NGET	Closed	The letter and response are provided as an attached to this document. <u>Attachments</u> <ul style="list-style-type: none"> <li>62a. Industry letter to ENTSOE regarding DCC</li> <li>63b. ENTSOE response to Industry letter regarding DCC</li> </ul>
63	Provide confirmation of the applicability of the RFG and/or DCC to a generator running in power consumption mode	NGET	Closed	Generators running in a power consumption mode or as a motor, for example Pump Storage, is dealt with under RfG and is not covered in DCC. In summary, any Generation that has the capability to operate in both power modes (absorbing real and reactive power & injecting real and reactive power) are classified as a Generator.
64	Provide feedback to JESG on the ENTSO-E process for the DCC post-consultation	NGET	Closed	<ul style="list-style-type: none"> <li>The exact process will be subject to review following the close of the consultation.</li> <li>A comprehensive response will be published to all feedback received during the public consultation.</li> <li>It is envisaged that the drafting team will continue working closely with the DSO expert and user group during the finalisation of the Network Code.</li> <li>The Network Code will be subject to internal governance in ENTSOE prior to its submission to ACER for review</li> </ul>
65	Circulate a link to the slides on GB implementation provided at the JESG RFG Workshop	NGET	Closed	Included in August Headline Report. Files are published on JESG Website.
66	Provide feedback on the comparison tables between the RFG and the GB Grid Code	All	Open	
67	Clarify with Sue Harrison what input DECC expects to need during Comitology for the RFG Network Code	BV	Open	

Action No	Action	Lead Party	Status	Update
68	Responsibility for the RFG GB Stakeholders' key issues document now resides with Barbara Vest. NGET to provide latest version to BV.	NGET	Closed	Document forwarded to BV. Document forwarded by BV to DECC.
69	Provide an update on GB TSO Certification and the interaction with European Codes	Ofgem	Open	
70	Circulate a link to the meeting note from the DECC / Ofgem Stakeholder Meetings	Ofgem	Closed	Details of the DECC/Ofgem Stakeholder Group, and all meeting papers can be found at: <a href="http://www.ofgem.gov.uk/Europe/stakeholder-group/Pages/index.aspx">http://www.ofgem.gov.uk/Europe/stakeholder-group/Pages/index.aspx</a>
71	Extend the JESG Operational Security Workshop (October) to two days	NGET	Closed	Updated and new dates circulated
72	Feedback to ENTSO-E that the proposed date for the post-consultation workshop for the OS Network Code is not conducive to encouraging attendance (presently scheduled for 20 December)	NGET	Closed	The information has been feedback to ENTSO-E, although it is unlikely that the date of the Workshop can be changed at this stage.
73	Extend the JESG Operational Planning and Scheduling Workshop (December) to two days	NGET	Closed	Updated and new dates circulated
74	Feedback to ENTSO-E that the proposed deadline for the end of the OP&S Consultation should be extended to avoid the Christmas Holidays (presently scheduled for 3 January)	NGET	Closed	The information has been feedback to ENTSO-E, who are reviewing the dates of the close of the consultation.

Action No	Action	Lead Party	Status	Update
75	Report to the JESG on timescales for the information provision detailed in the Network Codes.	Felicity Bush	Closed	<p><b>Information from Felicity Bush:</b></p> <p>What I was looking for was a table, or list of information required from users to TSOs, what this is for, and the timings in which it is needed, for each code – my view is that from a user perspective this could help with compliance when the codes are passed, and inform consultation responses during the drafting process; from an ENTSO-E perspective it could help with consistency during drafting, and could also prevent work being duplicated between different drafting teams</p> <p>I've been in touch with Mark Copley (ENTSO-E secretariat) and although there isn't yet a 'matrix' in the sense of the above table, work continues around consistency and the compliance monitoring side of things.</p>
76	Provide an update to the JESG on the individuals / groups that have been contacted by NGET regarding the JESG	NGET	Closed	<p>JESG emails are circulated to nearly 450 industry contacts, which are drawn from the CUSC, Grid Code and JESG distribution lists.</p> <p>Some of these 'contacts' are distribution lists, and hence the actual reach may be greater than this.</p> <p>A breakdown of recipient by company is provided in Annex A at the end of this document, presented by their distribution list of origin.</p>
77	Add DECC / Ofgem Stakeholder Meetings to the JESG Calendar	NGET	Closed	Meeting dates now included on JESG Agenda
78	Provide feedback to Ofgem on the 6/8 NGET letter "Role of the Joint European Standing Group"	All	Open	

## Annex A: Industry Contacts who receive the JESG Email lists (28 August 12)

### JESG Distribution List

Company	Total
<b>General distribution list</b>	
AC Renewables	1
AEP	2
APXENDEX	1
Baxi Heating UK Ltd	1
BEAMA (ABB)	1
BEAMA (Alstom)	1
BOC	1
Britned	1
BSC Panel Member	1
CE Electric UK	1
Centrica	2
CHPA	1
Consumer Focus	2
