

Transparency Regulation

Alison Wedgwood
JESG 16 May 2013

Purpose

- Regulation 714/2009 Article 15 requires publication of data on
 - Network availability
 - Generation capacity
 - Cross-border interconnector capacity
 - Load Unavailability (planned and unplanned)
- EC-led drafting

Progress Update

- Regulation expected to be published in Official Journal mid-June, comes into force 20 days later(i.e.July 2013)
- Manual of Procedures (Article 5) issued for 1 month public consultation (July/early August 2013)
- ACER opinion provided 2 months after ENTSO-E submits the Manual of Procedures
- Data to be available 18 months after Regulation comes into force (i.e. Jan 2015)

GB Implementation

- BSC Issues Group met 13 May, (next meeting 24 May)
 - Do you need to get involved?
- Grid Code Working Group to assess Grid Code impacts
- Synergies with REMIT P291 work (Article 15)
- Also assessing if changes required to CUSC
