Investing in Your Community

Tell us what matters

National Grid has a long-standing commitment to the communities we work alongside, and we want to ensure lasting benefits for the people and places that host our infrastructure.

If planning approval is granted, our work on the Norwich to Tilbury project means we will deliver a Community Fund of over £30 million.

Shaped by the community, for the community, these funds will be designed to reflect local needs and developed in line with government guidance.

Your response to this survey will help us understand what's most important to you and how the funding can make a positive, lasting impact.

Shape your Community Fund

We want to understand what is important to you and how the fund can deliver lasting benefits for your community. Please do not use this form to provide feedback on Norwich to Tilbury's project proposals.

1. What issues matter most to your community right now?

2. Based on our engagement and research so far, we've identified several themes that your Community Fund could support. Which **three** are most important to you?

- investing in skills and training
 supporting physical health and wellbeing or
 enhancing green spaces
 partnering with charities and local services
 improving community spaces

Are there any other areas that should be considered? Please give details below:

3. What types of projects or programmes would benefit your community most?

If you can, please share examples of current projects in your area.

4. Where could investment now make the biggest long-term difference for your community or the wider area?

5. Is there anything else you'd like to share about how your Community Fund could benefit your local area?

About you

We want to hear from a range of people with different backgrounds to help shape your Community Fund. These questions help us check our approach.

All questions are optional, but we hope you'll feel able to share a little about your interest in the project. Any information you share will be used in line with our Data Privacy Statement at the end of this form.

Next steps

We will review responses to this survey and continue to engage with residents, charities, community groups and elected representatives.

As the project progresses, we will develop a Community Fund that reflects local needs and explain how community involvement has shaped it.
