

Hinkley Connection Project:

Notice of lane closure on Towerhead Road

We are getting in touch to let you know about upcoming reinstatement work in your area.

We will be installing temporary traffic lights along Towerhead Road from 21 to 25 September 2026.

Please note: Towerhead Road will remain open with one lane of traffic.

As part of the final stage of reinstatement works along Towerhead Road, we will be carrying out additional works to reinstate the boundary fencing along the previous hedge line.

The traffic lights will only be in place during working hours (7am–5pm) and will be removed at the end of each day. Please allow extra time during busier periods.

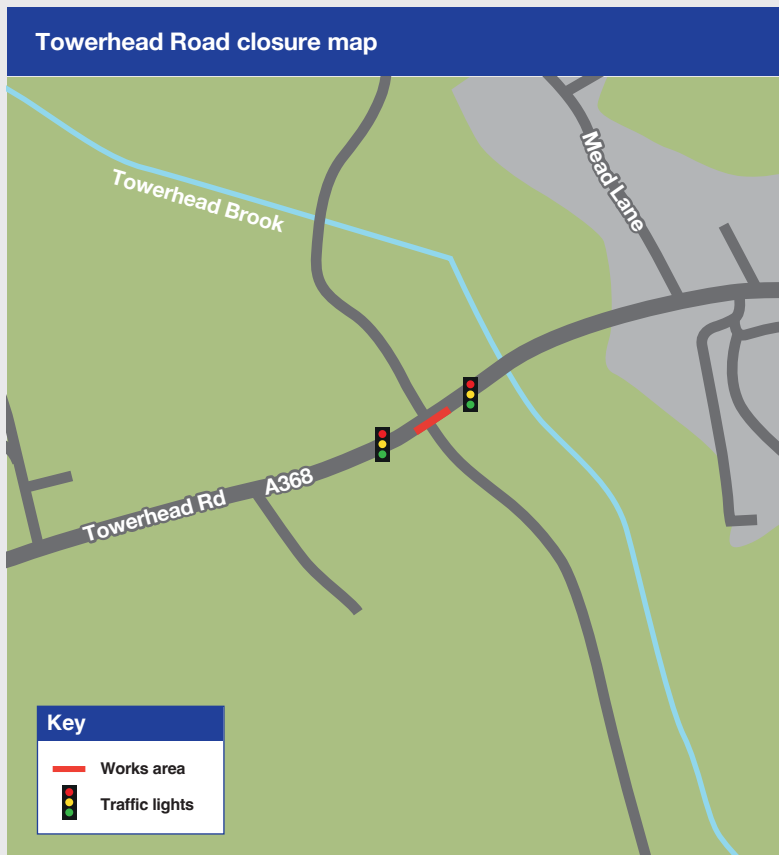

We understand that this may cause some disruption and we appreciate your patience while we complete this essential work. We have planned the traffic management carefully to minimise disruption while allowing our teams to work safely.

We aim to complete these works as planned, but adverse weather or unforeseen circumstances could affect our work programme.

If anything changes, we will provide updates on our website here: nationalgrid.com/electricity-transmission/network-and-infrastructure/hinkley-connection/news/traffic-management

Thank you for your patience and cooperation while we complete these works.

nationalgrid

Thank you for your cooperation while we complete these works

We know our construction activity causes local impact. We are working closely with our contractors to limit disruption as much as possible.
