

NTS Maintenance Update

Rhys Ashman

National Grid Publication

- We have just published our latest 24 month maintenance programme on our website at
<http://www2.nationalgrid.com/uk/industry-information/gas-transmission-system-operations/maintenance/>
- Please contact the NTS Access Planning team with any questions or feedback you may have via email or phone:
ntsaccessplanning@nationalgrid.com
01926 65 5958
- We will publish our final Winter Maintenance Programme by 1st October following any customer feedback

Notice of your outages

Advanced notice of your plant outages can really help us to minimise customer impacts

We will issue letters by Sep 30th to request your outage information for Summer 2016

UNC deadline for sending this information to National Grid is 30th November

It gives us the opportunity to align our maintenance work with your outages

Please inform us of any changes to outage dates as soon as possible
