Gas Operations
July 2012

Why decommission SIS ?

- Suite of ~20 Lotus Notes applications circa 1996-98
- Pre-dates current strategic data publication systems
- No longer supported by vendor
- Not widely used by the community
 - only “Weather & Demands” & “Calorific Values” in use
- Redundancy
 - alternate publication methods largely in place
 - analysis reveals two data items not currently available elsewhere

SIS Data Item	SIS D/B number	SIS database name	Data item/record name	Current SIS alternative	Proposed change - publish via _
1	1	Calorific Values	CV ACT	National Grid website	
2			CV COR	National Grid website	
3			CV TOD	NONE	National Grid website
4			LPG CV	Discontinued	
5			Wetgas CV	Discontinued	
6	2	Weather & Demands	Act CWV @ D+1	National Grid website	
7			Act Demand @ D+1 & D+6	National Grid website	
8			Act Demand @ D+1 & D+6	National Grid website	
9			Forecast Demand	National Grid website	
10			Forecast Demand	National Grid website	
11			Forecast CWV	National Grid website	
12			Seasonal Normal Temp	National Grid website	
13			Seasonal Normal CWV	National Grid website	
14			Seasonal Normal Effective Temp	National Grid website	
15			Seasonal Normal LDZ demand	NONE	Xoserve website
16	3	Shrinkage	Shrinkage Factor for tomorrow	Gemini	
17			Shrinkage Factors for next month	Joint Office website	
18	4	Information Exchange Phase 3	Report - SORD01	Gemini	
19			Report - SORM02	Gemini	
20			Report - SORM03	Gemini	
21			Report - SORM05	Gemini	
22			Report - SORM06	Gemini	
23			Report - SORM16	Gemini	
24			Report - SORM24	Gemini	
25			Report - SORM25	Gemini	
26			Report - SORM26	Gemini	
27			Report - SORM31	Gemini	
28	5	Shipper Ops Meetings		e-mail	
29	6	SIS Index	ToC	N/A	
30	7	Storage		Discontinued	
31	8	Transco Constants		N/A	
32	9	Planning & Security	1. Storage Monitors 2. Intent to buy/sell 3. Notification of Security Level 4. WACOG (Weighted Average Cost of Gas)	Discontinued	
33	10	Predicted Neutrality	N/A	Discontinued	
34	11	NTS Construction & Maintenance		National Grid website	
35	12	UK Link Performance Reporting		Joint Office website	
36	13	Billing		Xoserve website - tbc	
37	14	Shipper Life Cycle		Xoserve website - tbc	
38	15	Permanent Testing & Environment		Xoserve website - tbc	
39	16	Standards of Service	Definitions of Liabilities - Standing/reference data	Xoserve website - tbc	
40	17	Standards & Liabilities	Standards to meet	Xoserve website - tbc	
41	18	CSV & File Definitions	AT Link files, Invoicing Files, S&M Files, SPA Files, UK Link Files	Xoserve website - tbc	

What does this mean to the community ?

- Strategically aligned and supported publication media
- All SIS data will be published via :
 - National Grid website
 - Xoserve website
 - Joint Office
- Data source change for SIS users

Timeline

- NG governance, project sanctioned April 2012
- UK Link committee, class 1 change – July 2012
 - community consultation period follows
- UNCORM manual governance change process
- Data publication changes October – December 2012
