Road Map

Notes: 1) Long term capacity auctions may need to be delivered in conjunction with short term auctions

2. EU Code Updates

CAM

Matthew Hatch

CAM & Bacton UNC Modifications

- First Modification Development Workgroup held 3 June 2014
 - Key principles CAM Mod 500
 - Key principles Bacton split Mod 501
- Next Workgroup planned for early July 2014 (date to be confirmed)

Consultation on Capacity Booking Platforms

- ENTSOG press release 16th May 2014
 - ENTSOG launched consultation on Capacity booking platforms
 - The consultation started 19 May 2014 and will be open until 30 June 2014
 - ENTSOG website can be found at <http://www.entsog.eu/>

REMIT
Michael Jenner

REMIT: Secondary Trade Reporting

- TSOs not obligated to provide secondary capacity trading data - we are not one of the counter-parties and therefore do not hold the relevant data.
- Those trading on the secondary market need to provide this data.
- However, NG are very happy to work with market participants to find an effective solution to provide this data to ACER.
- We suggest that one solution could be for Xoserve to become the delivery agent for secondary data in much the same way as it will become for primary data as per the NG project.
 - NG is now beginning work with Xoserve on designing the IT systems to provide primary data to ACER. **We offer shippers and traders an opportunity to collaborate with our REMIT reporting project such that it could become a solution to secondary reporting requirements for GB markets participants.**
 - However, Xoserve would need the price data which it does not currently hold.
 - If market participants wanted Xoserve to provide this REMIT data service on their behalf, they may need to formally contract Xoserve to do so. Confidentially assurances on how Xoserve would deal with and store the relevant price data may be needed.

Bridge to 2025 & GTM

EU Gas Quality Harmonisation Update

Phil Hobbins

EU Gas Quality Harmonisation

- CEN has issued its draft gas quality standard for public consultation to national standardising bodies
- BSI has published the standard on its website at <https://drafts.bsigroup.com/Home/Details/53031>
- BSI committee GSE/4 will co-ordinate GB comments on the standard
- BSI deadline for comments is 31st August 2014
- CEN deadline for BSI to send GB comments is 8th October 2014
- The EC are proposing to hold a Gas Quality workshop in Brussels on 1st July 2014
